How to Determine if you have Windows 7 32bit Windows 7 64bit

1. Click on the Start Menu Button, and then right click (press on the right button on the mouse) on Computer. A sub menu will drop down, on the sub menu click on properties.

2. Look for **System Type** under the **System** Heading and this will tell you if you have the 64bit version or the 32bit version of windows 7
