## Guam Community College

### Fire Science Technology Certificate (Cycle dependent)

**Mission Statement:** Our mission as a unique community college is to be Guam's lead education agency in training, education, and support services in all ways related to Guam's workforce development needs and the career and employment goals of the people and to work in partnership with industry to advance economic development in Guam as a regional focal point for Micronesia within the Asia-Pacific Rim. Our mission is human resource development in support of Guam's major social and economic development goals.

**Vision Statement:** The goal of the certificate degree program in Fire Science Technology is to provide graduates with the skills and technical knowledge needed to become a fire company officer.
