Credit for Prior Learning (CPL)

The College recognizes that students may have had prior learning experiences, which might translate to academic credit. The College adheres to the following standards for assessing such experience:

- Credit should be awarded only for learning, and not for experience.
- College credit should be awarded only for college-level learning.
- Credit should be awarded only for learning that has a balance, is appropriate to the subject, and lies between the theory
 and practical application of the subject.
- The determination of competence levels, and of credit awards must be made by appropriate subject matter and academic experts.
- Credit should be appropriate to the academic context in which it is accepted.

The College recognizes that students may have acquired learning through traditional college experiences as well as from work and life experience, independent reading and study, the mass media and participation in formal courses sponsored by associations, businesses, government, industry, the military, unions and learning reflected in various examinations.

The College will evaluate prior institutional or college learning as transfer credit and as a basis for advanced placement. The College will evaluate extra-institutional or non-college learning using the prior learning assessment process which includes but is not limited to departmental challenge exams or portfolio assessment. See also "Educational Credit for Training Programs."

GCC's Prior Learning Assessment (PLA) evaluation processes include the following:

- Departmental Challenge Exams
- Transfer of credit from other institutions
- Credit articulated through PLA

Special Project Courses

Special courses are open-entry/open-exit courses; a student may register for a special course during any regular semester or summer session. To register for a special project course, a student must complete the Application to Take form. A student must work with either a counselor or an advisor as well as the supervising faculty member in preparing the Application to Take form. The number of credits to be earned must be specified on the form. A student must obtain the approval of the counselor or advisor, supervising faculty member, Department Chairperson, Dean and the Registrar in order to take a Special Project Course. All special project courses must be approved and start no later than two (2) weeks after the first day of classes for each semester for Fall and Spring, and one week prior to the start of Summer terms.

Credits, Grades and Examinations

Credit Load

A student may not register for more than 15 credits in any one semester except under special circumstances. If a student's program of study requires registration for more than 15 credits in any one semester, counselor or advisor approval is required.

Credits

At the College, each credit hour represents one hour per week in class and two hours outside of class devoted to preparation. Credit is granted in recognition of successful work in attaining Student Learning Outcomes (SLOs) in specific courses. See General Requirements for Certificates and General Requirements for Associate Degrees of this catalog for a statement on SLOs as applied to programs.

Course Numbering

Courses offered by the College are numbered as follows:

- **000-049** These courses are noncredit courses. These courses may satisfy prerequisite requirements and/or provide appropriate remediation for courses numbered 050-099 in the same subject areas.
- 050-099 These courses except for MA 085 and MA 095 are accepted toward meeting the requirements of the Adult High School and some Certificate/Degree programs.
- 100-299 These courses are accepted toward meeting requirements of the Associate of Arts and Associate of Science
 degrees conferred by the College. These courses are also accepted toward meeting the requirements of certificates
 conferred by the College. Exceptions include MA108, EN100R and EN100W.

Courses numbered 100-299 may be used to meet Adult High School Diploma requirements. Diploma Students taking courses numbered 100-299 to meet the Adult High School Diploma should select such courses with the advice and approval of their counselor or advisor.

Prerequisites

Course prerequisites are courses to be completed or conditions to be met before a student is eligible to enroll in a specific course. A student who has enrolled in a course without first completing all course prerequisites may be dropped from that course. Prerequisites are identified in program listings with a "+" sign. Waivers for course prerequisites can only be obtained from the Department Chairperson for the department which oversees the course. For example, SO130 requires the completion of EN100R and EN100W; therefore, only the department chairperson overseeing sociology courses may waive the prerequisites.

Course Waivers and Substitutions

Recommendation for a course waiver is made by the department chairperson or academic advisor. For each course waiver there must be an accompanying recommended course substitution. Credit requirements cannot be waived. A declared student wishing to have a course waived or substituted must complete the following steps:

Submit a Course Substitution Form, which indicates the waiver, to a counselor/advisor who forwards the request to the
department chairperson.
