1	Lazatin, Hazel D.	FA	16	13.0	Datuin, Theresa	MA095-03	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Guerrero, Jeremy S.	FA	16	3.0	Datuin, Theresa	MA095-03	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Arciga, Destiny D.	FA	16	20.0	Datuin, Theresa	MA095-03	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Munoz, Joshua L.	FA	16	7.5	Datuin, Theresa	MA095-03	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Ayuyu, Izabelle F.	FA	16	14.0	Datuin, Theresa	MA095-03	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Cabuhat, Don J.	FA	16	3.0	Datuin, Theresa	MA095-03	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Reyes, Cassandra B.	FA	16	15.5	Datuin, Theresa	MA095-03	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Teliu, Morgan	FA	16	12.5	Datuin, Theresa	MA095-03	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Munoz, Joseph D.	FA	16	19.5	Datuin, Theresa	MA095-03	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Cordero, Keana R.	FA	16	3.0	Datuin, Theresa	MA095-03	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Concepcion, Sonya A.	FA	16	5.0	Datuin, Theresa	MA095-03	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Nuguid, Garfer S.	FA	16	3.0	Datuin, Theresa	MA095-03	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.

1	Leones, Janet A.	FA	16	4.0	Datuin, Theresa	MA095-03	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Vitug, Kalvin O.	FA	16	17.0	Datuin, Theresa	MA095-03	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	William, Elirihn	FA	16	14.0	Datuin, Theresa	MA095-09	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Asauo, Marsha A.	FA	16	5.0	Datuin, Theresa	MA095-09	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Pun, Hoffman	FA	16	11.0	Datuin, Theresa	MA095-09	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Herrera, Jessica L.	FA	16	11.0	Datuin, Theresa	MA095-09	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Perez, K Lani K.	FA	16	13.0	Datuin, Theresa	MA095-09	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Maldonado, Keesha G.	FA	16	13.0	Datuin, Theresa	MA095-09	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Santos, Karen B.	FA	16	11.5	Datuin, Theresa	MA095-09	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Luwan, Lorrin R.	FA	16	5.0	Datuin, Theresa	MA095-09	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Flores, Liesl S.	FA	16	4.0	Datuin, Theresa	MA095-09	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Ikesakes, Eden D.	FA	16	4.0	Datuin, Theresa	MA095-09	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.

1	Blas, Jovana M.	FA	16	3.5	Datuin, Theresa	MA095-09	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Champaco, Catrina T.	FA	16	4.0	Datuin, Theresa	MA095-09	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Egalla, Lorenz E.	FA	16	4.0	Datuin, Theresa	MA095-09	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Pecha, C'ara D.	FA	16	14.0	Datuin, Theresa	MA095-10	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Damian, Manny E.	FA	16	7.5	Datuin, Theresa	MA095-10	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Mabini, Lenard L.	FA	16	7.5	Datuin, Theresa	MA095-10	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Torres, Tammi S.	FA	16	8.0	Datuin, Theresa	MA095-10	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Scherer, Araian D.	FA	16	6.0	Datuin, Theresa	MA095-10	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Ogo, Talia A.	FA	16	6.0	Datuin, Theresa	MA095-10	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Dado, Shaina S.	FA	16	15.5	Datuin, Theresa	MA095-10	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Redilla, Garred A.	FA	16	15.5	Datuin, Theresa	MA095-10	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.	
1	Velasco, Setiel H.	FA	16	6.0	Datuin, Theresa	MA095-10	Price Elementary School	Created a 'Math Game' using recyclable and reuseable materials. This Math game was presented to students from Price Elementary School .	Work with operations involving real numbers both rational & irrational, even with units of measurement.
