## Student Orientation Training on Online Classes and Moodle

### **FALL 2023 STUDENT ORIENTATION**

Monday, August 14, 2023  
10:00 a.m. - Online via Zoom

### **AGENDA**

10:00 a.m. – 10:10 a.m.

#### **Welcoming Remarks**

- Dr. Mary A. Y. Okada, President

10:10 a.m. – 12:10 p.m.

#### **Information to help you “NAVIGATE YOUR COURSE THROUGH GCC AND BEYOND”**

- Ava Garcia, Coordinator, Admissions and Registration
- Gemma Santos, Financial Aid Coordinator, Financial Aid
- Sally Sablan, Associate Professor, Assessment and Counseling
- James Fathal, Program Specialist, Student Support Services
- John Payne, Program Specialist, Accommodative Services and Title IX
- Christine Matson, Assistant Professor, Learning Resource Center
- Esther Rios, Program Specialist, Reach for College
- Emma Bataclan, Instructor, Health Services Center
- Jason Soliva, Instructional Designer, School of Technology & Student Services (TSS)
- Huan Hosei, Environmental Health & Safety Officer, Environmental Health & Safety
- Jenine Cabrera, LMSW, Counselor for Uplift Counseling Services, WestCare Pacific Islands
- Gerald Cruz, Associate Dean, School of Technology & Student Services (TSS)
- Adrian Davis, Program Coordinator II, Center of Student Involvement (CSI)

#### **GCC Mission Statement**

Guam Community College is a leader in career and technical workforce development, providing the highest quality, student-centered education and job training for Micronesia.

## **SPRING 2024 STUDENT ORIENTATION**

Monday, January 8, 2024 • 10:00am • Multipurpose Auditorium (MPA) Bldg. 300

### **AGENDA**

#### **10:00am – 10:10am**

##### **Welcoming Remarks**

Dr. Mary A.Y. Okada, President, Guam Community College

#### **10:10am – 12:10pm**

Ava Garcia, Coordinator, Admissions and Registration

Gemma-Lee Santos, Coordinator, Financial Aid

Sally Sablan, Associate Professor, Assessment and Counseling

James Fathal, Program Specialist, Student Support Services

John Payne, Program Specialist, Accommodative Services & Title IX

Christine Matson, Assistant Professor, Learning Resource Center

Esther Rios, Program Specialist, Reach for College

Abegail Aguilar, LPN, Health Services Center

Jason Soliva, Instructional Designer, School of Technology & Student Services (TSS)

Huan Hosei, Environmental Health & Safety Officer, Environmental Health & Safety

Jenine Damian, LMSW, Counselor, WestCare Pacific Islands

Gerald Cruz, Associate Dean, School of Technology & Student Services (TSS)

Adrian Davis, Program Coordinator II, Center of Student Involvement (CSI)

#### **12:10pm - 12:20pm**

##### **Evaluation Survey**

#### **12:20pm**

##### **Campus Tour**

#### **GCC Mission Statement**

Guam Community College is a leader in career and technical workforce development, providing the highest quality, student-centered education and job training for Micronesia.

## SPRING 2024 STUDENT ORIENTATION

Navigating Your Course Through GCC Online

# WHAT IS moodle

The screenshot displays the eLUCIAN system interface. On the left, a sidebar lists various course categories. The main area shows a list of classes. A modal window titled "Class Details for Introduction to Philosophy P1 - Philosophy 101 31" is open, displaying the following information:

- Term: 202309 | CRN: 83061
- Class Details
- Bookstore Links
- Course Description
- Syllabus
- Attributes
- Restrictions
- Instructor/Meeting Times
- Enrollment/Waitlist
- Corequisites
- Prerequisites
- Mutual Exclusion
- Cross Listed Courses
- Linked Sections
- Fees
- Catalog

The "Class Details" section is highlighted with a red box, showing the following information:

- Associated Term: Fall 2023
- CRN: 83061
- Campus: Guam Community College
- Schedule Type: Online
- Instructional Method: Online
- Section Number: 31
- Subject: P1 - Philosophy
- Course Number: 101
- Title: Introduction to Philosophy
- Credit Hours: 3
- Grade Mode: Standard Letter

Below the modal window, a table lists the classes available for registration:

| HS - No. | 206  | 01 | 3 | 83 | Fall | J. Eric (Primary) | 09:01 AM - 12:00 PM | Online |
|----------|------|----|---|----|------|-------------------|---------------------|--------|
| KS - K6  | 110  | 31 | 4 | 83 | Fall | J. Eric (Primary) | 09:01 AM - 12:00 PM | Online |
| MA - M   | 207  | 31 | 4 | 82 | Fall | Debra Thoms       | 09:01 AM - 12:00 PM | Online |
| MA - M   | 110A | 31 | 3 | 82 | Fall | Brian Datta (P)   | 09:01 AM - 12:00 PM | Online |
| MA - M   | 110A | 32 | 3 | 82 | Fall | Brian Datta       | 09:01 AM - 12:00 PM | Online |
| PS - P1  | 101  | 31 | 3 | 83 | Fall | Concepcion J.     | 09:01 AM - 12:00 PM | Online |

Term: Fall 2023 Instructional Methods: Hybrid, Online

The screenshot shows the Moodle Dashboard interface. At the top, there is a navigation bar with links: Home, Dashboard, My courses, Site administration, Home, and MyGCC. On the right, there is a user profile icon and an 'Edit mode' toggle. Below the navigation bar, the 'Dashboard' section is highlighted with a red border. It contains a 'Recently accessed courses' section with three course cards: 'Moodle Help Center Training', 'Moodle Student Training 20xx Training Courses', and 'Fall 2020 College Assembly College Assembly'. Below this is a 'Timeline' section with a 'Next 7 days' filter, a 'Sort by dates' dropdown, and a search bar labeled 'Search by activity type or name'. At the bottom of the timeline, it says 'No in progress courses'.

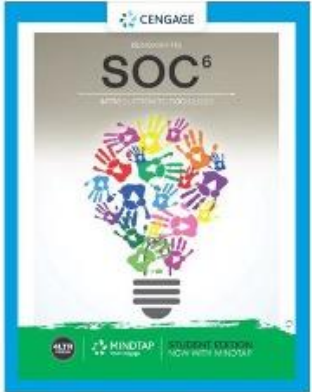

A graphic with a light gray background and colorful geometric shapes (circles and squares) in the corners. The text 'ACCESSING COURSE MATERIALS' is written in large, bold, blue capital letters. In the bottom right corner, there is a small logo for Guam Community College.

Due: Monday, January 16, 2023, 12:00 AM

**Instructions:**

1. Choose any contemporary (present day) sociological perspective listed in Chapter 1.
2. Discuss its relevance to your experiences.
3. What are the main ideas of the perspective?
4. Why does it appeal to you and what does this perspective tell you about your own life?

**Requirements:**

1. 100 word minimum
2. Choose only one perspective.

**Follow this example:**

**Sociological perspective:** Capitalism

**Discussion:** I don't agree with Karl Marx's interpretation of capitalism whereas it creates divisiveness and social solidarity. In fact the opposite is true, capitalism or the "free market" allows for people to enter into a transaction with a second party for goods or services to which they are not forced to accept or say. This economic ideology has allowed western civilization to prosper and build wealth. This appeals to me.

**Instructions:**

1. Pick only **one (1)** of the **eleven (11)** questions to discuss.
2. There is no limit to how many times a question can be discussed.

**Instructions for Discussion Posts:**

1. Discussion posts must be **150 words** or more.
2. Please include the question above your answer.
3. **What to include in the subject box:** Please include the question number (#) followed by the question in its entirety (please don't just put the question #).
4. Provide the book **definition** and then provide an **analysis**.
  1. **Analysis:** detailed examination of the elements or structure of something.
5. Include an example (examples must be labeled clearly).

**Instructions for Discussion Replies:**

1. Discussion replies must be **70 words** or more.
2. Must be substantive (Include an idea, opinion, or reflection pertaining to the post).
3. Replies will receive **no credit** if they are just comments (e.g. "I really agree with your post").

**Re: 3. What are yin and yang?**  
by [User] · Friday, August 28, 2022

Thank you for your analysis of one of my personal favorite philosophies!

With Yin and Yang being arguably one of the most well-known Asian philosophies it's definitely interesting to see your take on the topic. While I'm aware of the basis of yin and yang being related to things like good vs evil and how they're both needed to keep balance, I'd never thought to relate yin and yang to daily events in life. While I don't necessarily agree that good and bad happenings are directly opposing and needed to maintain balance in life from each other it is an interesting idea nonetheless.

**Re: 3. What are yin and yang?**  
by [User] · Friday, August 28, 2022

Hi

I really like your analysis on yin and yang I never really knew what the two meant and I've always wanted to learn more. I never realized how often it shows up in our daily lives. I really like your example of how even a loving relationship could be tricky because I do believe with a lot of the good that comes in that relationship bad things may come along the way that could make it tricky.

# HARDWARE & ACADEMIC INTEGRITY

## Is there anything I need to know about the devices I can use to access this class?

GCC uses Moodle, a Learning Management System for all its online classes. To run Moodle effectively you should, as a minimum, use the system components listed here. If you do not, Moodle may still work but some functionality may not.

### Environment Considerations

Your home or workplace environments' internal wired or wireless network and system configurations can also restrict the functionality of Moodle. Access to content may be affected, as may the possibility of uploading files. File size limitations may also apply.

### Operating system

Recommended Windows 7, Windows 8, Mac OS X Yosemite, iPad or other iOS mobile devices. At present, the Moodle Mobile app is not supported due to poor performance. We recommend that on a mobile device you log in to GUAM COMMUNITY COLLEGE Moodle using the web browser unless you are completing an assessment or activity that has a grading component. If you are completing an assessment or activity that has a grading component we recommend that you use Moodle through a desktop or laptop browser.

### Internet speed

Use a broadband connection (256 Kbit/sec or faster as this will ensure that you can view videos and online presentations) through USB wireless modem, ADSL, T1/T2, fiber optic or cable. Dial-up access will be significantly slower and we do not recommend it for using Moodle.

### Internet browsers

Compatible browsers include: Google Chrome 32 bit version 38 or later (recommended for optimal compatibility, this has been thoroughly tested on Windows) Safari 8 or later (recommended for optimal compatibility, this has been thoroughly tested on Mac) Mozilla Firefox 35.0 or later Note that add-ons and toolbars can affect any browser's performance. MS Internet Explorer is not recommended.

If you have any difficulty accessing GUAM COMMUNITY COLLEGE Moodle, ensure that you are using one of the supported browsers above before you contact helpdesk support. If you are using MS Internet Explorer 9 and experience problems accessing Moodle, visit this [page](#) to fix site display and get some technical information on what to do.

Reference: GCC Student Handbook, Page 9

### Academic Integrity

Academic integrity is fundamental to learning and is consistent with the Institutional Learning Outcomes (ILOs) espoused at Guam Community College. The concept of academic integrity lies at the very heart of any college, and learning and scholarship cannot thrive without this fundamental value. Academic dishonesty, therefore, will not be tolerated. Students who commit such acts expose themselves to sanctions as severe as expulsion from the College.

Academic dishonesty can take different forms, including, but not limited to cheating, plagiarism, and technology misuse and abuse. In any situation in which students are unsure of what constitutes academic dishonesty, it is the students' responsibility to raise the question with their instructor. It is also the students' responsibility to be familiar with the student guidelines on academic integrity. Some common violations of these basic standards of academic integrity include, but are not limited to the following:

- **Cheating:**  
Providing unauthorized assistance, using or attempting to use unauthorized assistance, material, or study aids in examinations or other academic work, or preventing or attempting to prevent another from using authorized assistance, material, or study aids.
- **Plagiarism:**  
The passing-off of someone else's work as one's own. This can range from failing to cite an author for ideas in a student's paper, to cutting and pasting paragraphs from different websites, to handing in a paper downloaded from the Internet. All are considered plagiarism. Students who plagiarize are likely to be caught, and the consequences will be severe and will include anyone who enabled the plagiarism to take place. College policy will be enforced, regardless of the feelings of either the students or the instructor. Students found guilty of plagiarism will have this offense entered into their record and may be expelled from the College.
- **Fabrication:**  
Submitting contrived or altered information in any academic exercise. Examples: making up data for an experiment; "fudging" data; citing nonexistent or irrelevant articles; presenting fraudulent excuses, lies, and letters of recommendation.
- **Multiple Submissions:**  
Submitting, without prior permission, any work submitted to fulfill another academic requirement is a form of plagiarism. Example: submitting the same paper for two different classes without the expressed consent of both professors.
- **Misrepresentation or Falsification of Academic Records:**  
Misrepresenting, tampering with, or attempting to tamper with any portion of a student's transcripts or academic record, either before or after enrolling at Guam Community College.

# SUMMARY

## TIPS FOR SUCCESS IN YOUR ONLINE LEARNING

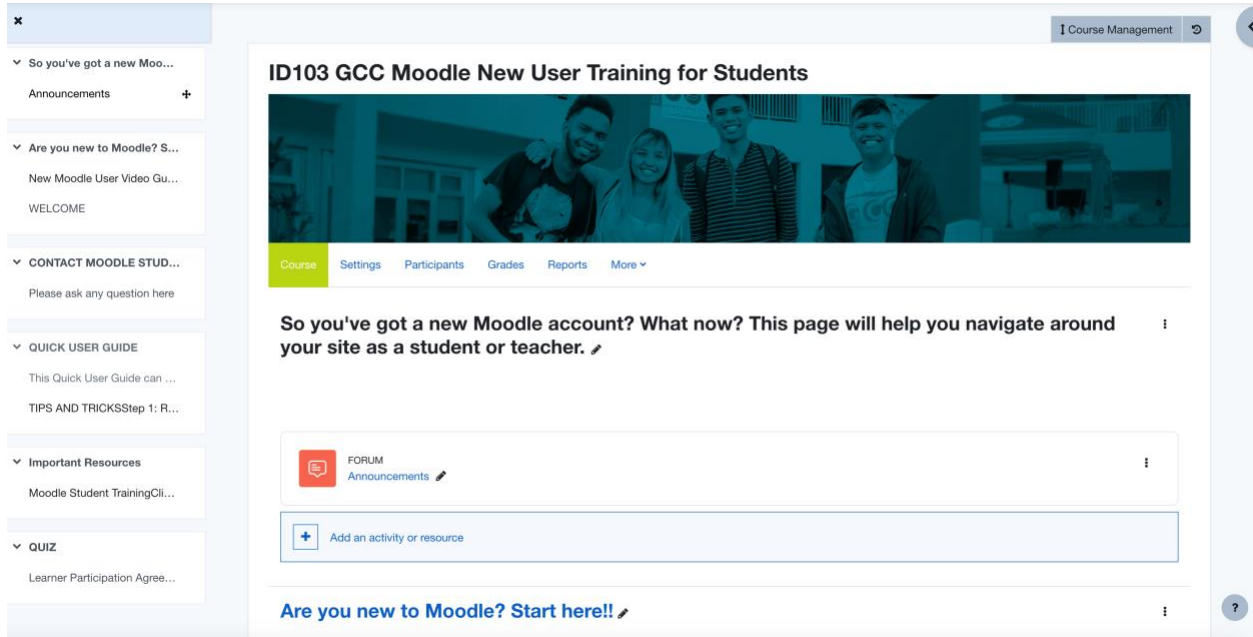

- Check Your Hardware and Software.
- Stay Organized.
- Engage In Discussions.
- Submit Assignments and Quizzes/Tests
- Track Your Progress and Grades

Importance in  
Communication

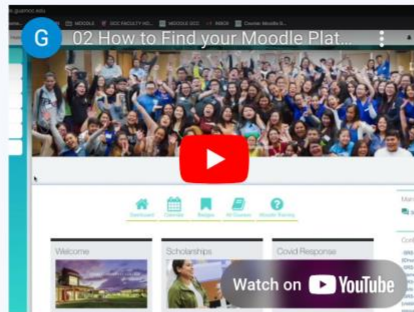

## Moodle LMS: New User Student Training Module

### How to Find Your Moodle Platform

### The Moodle Dashboard

- If course images have been added to the course settings, they will display in the dashboard. Where no images have been added, colored patterns appear.
- Quick access to Dashboard is also available from the user menu top right of the screen once logged in:
- The Dashboard page will have your Navigation Drawer (NavDrawer), your courses and blocks all set to default prior to you customizing your page.

## GCC Moodle Learner Orientation - v4.1

!

This course is currently visible to everyone and **self enrolment without an enrolment key** is possible.

The **Self enrolment (Student)** enrolment instance allows unrestricted self enrolment indefinitely.

If you don't want any Moodle user to have access to this course freely, please restrict the self enrolment settings.

▼ Learner Orientation
Collapse all

### Welcome to our introductory skills course for learners!

This course has demos of common activities your instructors may use. The activities do have grades, but only to simulate what it'd be like to receive a grade through that activity. This course is very rarely monitored, so think of it more as a sandbox where you can test what it's like to upload an [assignment](#), take a [quiz](#), or post in a [forum](#) without having to worry about losing points in a course.

**Course Objectives:**

- Practice using course features and activities your instructor(s) may use.
- Use resources like links, files, and embedded audio and video files to see how they display in your browser and on your device.
- Check your ability to use common activities, such as [forums](#), [quizzes](#), and [assignments](#).

This course will remain available for you to refer back to later if you need a refresher on how an activity or resource works.

To begin, watch the welcome video in the Getting Started section below.

📢

**Announcements**

The **Announcements forum** is where your instructor may post general news and announcements. Only instructors can post in this [forum](#), and any posts made here will also be delivered to the email address associated with your account.

If you feel like you're receiving too many emails about [forum](#) posts, we recommend switching to a daily digest instead. This will send you **one** email a day with **all** of your notifications instead of

## Moodle Technical Assistance Information and MIS Helpdesk

The screenshot shows the Moodle interface for Guam Community College. The top navigation bar includes links for Home, Dashboard, My courses, Site administration, Home, and MyGCC. There are also notification icons and an 'Edit mode' toggle. Below the navigation bar, there are three main sections: 'GCC Site' with a building image, 'Apply Now' with a person image, and 'View Updates' with a virus image. The central area features a large group photo of students and staff under the 'GUAMCOMMUNITYCOLLEGE' banner. Below the photo, there are three columns of contact information for Moodle Assistance, MIS Office, and Helpdesk Ticket submission. The bottom right corner has a sidebar with a search icon and a question mark icon.

## Distance Education

Guam Community College's emerging Distance Education Program aims to deliver quality postsecondary education to students online. To register for a DE course as a student, log onto [MyGCC](#). If you are a new student, contact [gcc.registrar@guamcc.edu](mailto:gcc.registrar@guamcc.edu), or visit the Admissions & Registration Office, 1st floor, Building 1000, GCC campus.

### Courses offered:

#### Online

Online is defined by the Accrediting Commission for Community and Junior Colleges (ACCJC) as a course with instruction delivered to students separated from the instructor and includes regular and substantive interaction between students and instructor.

#### Hybrid

Hybrid is defined as a course being partially taught via the web (online) and partially on campus.

#### Courses Offered

Please go to the [Schedule of Classes](#) page to open a link to a pdf document of the chosen semester. The section for postsecondary online/hybrid courses is listed at the beginning right after the Adult Education classes.

Additional information for each course can be found using our [Online Catalog](#). Please note that *only people residing on Guam* will be eligible to take these courses.

### Advantages of Distance Education:

- Distance education courses allow students to work on their own time rather than report to class at a particular time.

#### What skills do I need to succeed in a distance education course?

People who are successful at distance education possess two categories of skills: technical skills and study skills. For technical skills, you should know basic word processing, how to send and receive emails, how to send and receive attachments, be able to navigate the Web, and have basic knowledge of Macintosh or Windows operating systems. As for study skills, you should be self-motivated, be able to manage your time well, have good communication skills and be diligent. Patience and a sense of humor are also helpful!

#### Is there anything I need to know about the devices I can use to access this class?

GCC uses Moodle, a Learning Management System for all its online classes. To run Moodle effectively you should, as a minimum, use the system components listed here. If you do not, Moodle may still work but some functionality may not.

#### Environment Considerations

Your home or workplace environments' internal wired or wireless network and system configurations can also restrict the functionality of Moodle. Access to content may be affected, as may the possibility of uploading files. File size limitations may also apply.

#### Operating system

Recommended Windows 7, Windows 8, Mac OSX Yosemite, iPad or other iOS8 mobile devices.  
At present, the Moodle Mobile app is not supported due to poor performance. We recommend that on a mobile device you log in to GUAM COMMUNITY COLLEGE Moodle using the web browser unless you are completing an assessment or activity that has a grading component. If you are completing an assessment or activity that has a grading component we recommend that you use Moodle through a desktop or laptop browser.

#### Internet speed

Use a broadband connection (256 Kbit/sec or faster as this will ensure that you can view videos and online presentations) through USB wireless modem, ADSL, T1/T2, fiber optic or cable. Dial-up access will be significantly slower and we do not recommend it for using Moodle.

#### Internet browsers

Compatible browsers include: Google Chrome 32 bit version 38 or later (recommended for optimal compatibility, this has

# Faculty Evaluation of Distance Education Courses

September 27, 2024

## Overview

- Background
- Reasons and Importance
- Common Issues Found
- Resolving Regular and Substantive Interaction Issues
- Practice Scenarios
- Conclusion

## Background: Federal Regulation of RSI in Distance Education

### Federal Compliance Regulation:

- The **Higher Education Act (HEA)** of 2008 established regulations regarding Regular and Substantive Interaction (RSI) for Distance Education.
- Under the **Code of Federal Regulations (34 CFR 600.2)**, RSI was created as the requirement to distinguish Distance Education from Correspondence Education. Courses must meet these RSI interaction standards to qualify for federal financial aid.

## Background: Why so much emphasis on RSI in DE?

### Why is RSI Important? – It is part of the ACCJC Policy and their Primary Evaluation Criteria.

- Helps ensure compliance with **Title IV**. Prevents courses from being classified as Correspondence Courses, which do not qualify for federal financial aid.
- Alignment to **Title IX**, to maintain equitable access to education. Ensures students in online courses receive the same academic support and engagement as traditional in-person students.
- **Overall: Supports Student Retention** by maintaining engagement, reducing isolation, and encouraging interaction.

## Background: ACCJC Policy

ACCREDITING COMMISSION FOR  
COMMUNITY AND JUNIOR COLLEGES

### Policy on Distance Education and on Correspondence Education

January 2024

#### Code of Federal Regulations (34 CFR 600.2)

The Commission holds the same high expectations for quality, integrity, and effectiveness for distance education and correspondence education as in traditional modes of instruction. The Accreditation Standards require that all learning opportunities provided by accredited institutions must have equivalent quality, accountability, and focus on student outcomes, regardless of mode of delivery. This policy provides a framework that allows institutions the flexibility to adapt their delivery modes to the emerging needs of students and society while maintaining quality and promoting equitable outcomes. Any institution offering courses and programs through distance education or correspondence education is expected to meet the requirements of accreditation in each of its courses and programs and at each of its sites. This policy reflects the federal regulatory requirements regarding distance education and correspondence education in accordance with the following definitions.

#### Definition of Distance Education (34 C.F.R. § 600.2.)

Distance Education means:

- (1) Education that uses one or more of the technologies listed in paragraphs 2(a) through (d) to deliver instruction to students who are separated from the instructor(s) and to support regular and substantive interaction between the students and the instructor(s), either synchronously or asynchronously.
- (2) The technologies may include:
  - a) the internet;

GUAMCOMMUNITYCOLLEGE

## ACCJC Distance Education Definition

#### Definition of Distance Education (34 C.F.R. § 600.2.)

Distance Education means:

- (1) Education that uses one or more of the technologies listed in paragraphs 2(a) through (d) to deliver instruction to students who are separated from the instructor(s) and to support regular and substantive interaction between the students and the instructor(s), either synchronously or asynchronously.
- (2) The technologies may include:
  - a) the internet;
  - b) one-way and two-way transmissions through open broadcast, closed circuit, cable, microwave, broadband lines, fiber optics, satellite, or wireless communications devices;
  - c) audioconferencing; or
  - d) other media used in a course in conjunction with any of the technologies listed in paragraphs (a) through (c).

GUAMCOMMUNITYCOLLEGE

## Regular Interaction Definition

**Regular Interaction:** Instructors must initiate interaction with students on a predictable and consistent basis (e.g., weekly announcements, discussion forums).

An institution ensures **regular interaction** between a student and an instructor or instructors by, prior to the student's completion of a course or competency—

- Providing the opportunity for substantive interactions with the student on a predictable and regular basis commensurate with the length of time and the amount of content in the course or competency; and
- Monitoring the student's academic engagement and success and ensuring that an instructor is responsible for promptly and proactively engaging in substantive interaction with the student when needed on the basis of such monitoring, or upon request by the student.

## Regular Interaction Definition

**Reference:** ACCJC DE Rubric  
September 2024 Pilot

**A - Providing the opportunity for substantive interactions with the student on a predictable and regular basis commensurate with the length of time and the amount of content in the course or competency.**

| Initial →  | Emerging →  | Developed →   | Highly Developed  |
|--|---|---|---|
| <p>Policies and procedures make clear how often and when the instructor will interact with students.</p> <p>Course materials (e.g. syllabi and introductory statements) make clear to students the opportunities for interaction.</p> <p>Interaction expectations are clearly communicated to the students (e.g. in the syllabus), including response times, and explicit participation guidance (e.g. office hours, discussion boards).</p> | <p>Instructor engages with students throughout the term per the institution's policies regarding frequency of postings, feedback, providing information pertaining to course content/competencies, and learning outcomes.</p> <p>Interaction expectations are communicated to the students in multiple ways encouraging students to participate in the opportunities for substantive engagement (e.g. office hours, discussion boards).</p> | <p>Instructor frequently engages students throughout the term. Interactions are predictable and occur in accordance with the length and course content.</p> | <p>Instructor engagement with students yields equitable student outcomes.</p> <p>Interactions are predictable and occur in accordance with the length and course content.</p> |

## Regular Interaction Definition

Reference: ACCJC DE Rubric  
September 2024 Pilot

**B - Monitoring the student's academic engagement and success and ensuring that an instructor is responsible for promptly and proactively engaging in substantive interaction with the student when needed on the basis of such monitoring, or upon request by the student.**

| Initial →   | Emerging →  | Developed →  | Highly Developed   |
|---|---|--|--|
| There is minimal interaction (frequency of postings, feedback, instruction) throughout the term in the course section, or with individual students based on monitoring student engagement and success. Policies and/or procedures create expectations for monitoring student academic engagement and success. | Instructor occasionally engages with students throughout the term to provide formative feedback and information based on monitoring student engagement and success. Mechanisms ensure that the policies and procedures pertaining to monitoring student academic engagement and success are followed. | Instructor frequently engages with students throughout the term to provide formative feedback and information based on monitoring student engagement and success. Instructor communicates and responds in a timely and prompt manner per institution's policies. | Instructor frequently engages with students throughout the term to provide formative feedback and information based on monitoring student engagement and success. Instructor promptly and proactively responds to students in response to observed concerns or at the request of students, to provide necessary support. |

## ACCJC DE Evaluation

### Regular Interaction:

Each course section reviewed must include **evidence of both activities** to qualify as meeting the expectations for regular interaction per the *ACCJC Policy on Distance Education (DE) and on Correspondence Education*, that the instructor is:

- providing opportunity for substantive interaction on a regular and predictable basis, and
- monitoring the student's academic engagement and success and promptly and proactively engaging in substantive interaction with the student when needed on the basis of such monitoring, or upon request by the student.

Reference: ACCJC DE Review Form  
September 2024 Pilot

In your assessment of the courses, how well is the institution providing regular interaction overall?  
Include brief narrative to describe your findings:

## ACCJC DE Evaluation

|                     | Regular Interaction<br>(must be both types) |                                       |  |  |  |
|---------------------|---|---------------------------------------|--|--|--|
| Course Section Name | Regular and<br>Predicable<br>Engagement     | Monitors success,<br>engages students |  | Course section meets<br>substantive and regular<br>policy elements | Course section does not<br>meet substantive and<br>regular policy elements |
| Class A             | x   | x                                     |  |  | x  |
| Class B             | x   | x                                     |  | x  |  |
| Class C             | x   | x                                     |  | x  |  |

**Reference:** ACCJC DE Review Form  
September 2024 Pilot

## Substantive Interaction Definition

**Substantive Interaction:** The interaction must relate to course content and contribute to student learning. This includes providing feedback on assignments, facilitating discussions, and offering direct instruction.

For purposes of this definition, substantive interaction is engaging students in teaching, learning, and assessment, consistent with the content under discussion, and also includes at least two of the following—

- a) Providing direct instruction;
- b) Assessing or providing feedback on a student's coursework;
- c) Providing information or responding to questions about the content of a course or competency;
- d) Facilitating a group discussion regarding the content of a course or competency; or
- e) Other instructional activities approved by the institution's or program's accrediting agency.

## Substantive Interaction Definition

### B - Assessing or providing feedback on a student's coursework.

| Initial →  | Emerging →   | Developed →  | Highly Developed   |
|--|--|--|--|
| Provides grades with minimal non-automated feedback on some assignments. | Provides meaningful comments on some coursework and assignments. | Consistently provides meaningful comments on most coursework and assignments, including constructive feedback and improvements needed to increase content mastery. | Consistently provides prompt, personalized, and detailed feedback on student coursework and assignments, such as written comments, detailed rubrics, audio or video notes, and examples for improvement. |

## Substantive Interaction Definition

### C - Providing information or responding to questions about the content of a course or competency.

| Initial →  | Emerging →   | Developed →   | Highly Developed  |
|--|--|---|---|
| Provides instructional content, such as video, audio, or recorded presentations or interactive lessons visibly created or mediated by the instructor.<br>Responds to questions pertaining to the course content. | Periodically provides substantive information pertaining to the course content.<br>Periodically encourages participation and questions and responds in a timely manner.<br>Provides reminder announcements regarding course content and learning outcomes. | Frequently provides substantive information from various sources or mediums to engage students with course content.<br>Frequently encourages participation and questions and responds in a timely manner. | Frequently provides substantive information, and announcements beyond reminders that discuss previous topics, trends in assignments, or that highlights key concepts.<br>Frequently encourages participation and questions and responds in a timely manner with detailed information and ideas. |

## Substantive Interaction Definition

### D - Facilitating a group discussion regarding the content of a course or competency.

| Initial →   | Emerging →   | Developed →  | Highly Developed  |
|---|--|--|---|
| Provides prompts, questions or topics to engage students. | Provides prompts and occasional comments or guidance to students in discussions to ensure focus is on course content and discussion is productive. | Frequently provides comments or guidance in discussions to enhance course content/ competency mastery. | Actively participates in discussions to pose questions, propose alternative viewpoints, connect ideas, and encourage struggling students. |

## ACCJC DE Evaluation

### Substantive Interaction:

Each course section reviewed must include **at least two of the following methods** of interaction to qualify as meeting the expectations for substantive interaction per the ACCJC Policy on Distance Education (DE) and on Correspondence Education:

- a) direct instruction (only synchronous instruction qualifies);
- b) assessment and feedback on coursework;
- c) information/responses to questions about course content; and/or
- d) facilitating group discussions.

**Reference:** ACCJC DE Review Form  
September 2024 Pilot

In your assessment of the courses, how well is the institution providing substantive interaction overall?  
Include brief narrative to describe your findings:

## ACCJC DE Evaluation

| Course Section Name | Identify Type of DE:<br>Asynchronous or<br>Synchronous | Substantive Interaction Methods<br>(must be at least two methods) |                          |  |                                  |
|---------------------|--|---|--------------------------|--|----------------------------------|
|                     |  | Direct<br>Instruction   | Assessment &<br>Feedback | Provides Information &<br>Responses to Questions | Facilitates Group<br>Discussions |
| Class A             | Asynchronous   |   | x                        |  |                                  |
| Class B             | Asynchronous   |   | x                        | x  | x                                |
| Class C             | Synchronous  | x   | x                        | x  |                                  |
| Class D             | Synchronous  | x   |                          |  | x                                |

**Reference:** ACCJC DE Review Form  
September 2024 Pilot

## Common Faculty Issues Found with RSI

- **Infrequent Communication:** Faculty may only check in with students occasionally, leading to disengagement.
- **Limited Use of Discussion:** Faculty may set up discussion forums but not actively participate or engage with students.
- **Over-reliance on Automation:** Some instructors rely on automated feedback without personalizing their responses.
- **Generic Feedback:** Providing surface-level feedback that doesn't address the specific needs of each student.

## Common Faculty Issues Found with RSI

- **Infrequent Communication:** Faculty may only check in with students occasionally, leading to disengagement.

Imagine you are a student who submits their assignment, you get a bad grade. So you ask a question and no response. You don't know what you did wrong. You are waiting for the instructor's advice but nothing. And then eventually, you fail the course because you never got feedback.

## How Can We Help Meet RSI Requirements as Evaluators?

- **Regular, Predictable Interactions** such as weekly announcements, emails, or live sessions.
- **Substantive Assessment Feedback** that is academic-focused and helps students improve their understanding.
- **Active Facilitation in Discussions** that encourages deeper engagement with course material.
- **Timely Responses** to student inquiries, ensuring that students feel supported.

## How Can We Help Meet RSI Requirements as Evaluators?

**Regular, Predictable Interactions** such as weekly announcements, emails, reminders, video messages, or holding virtual office hours.

Questions to ask:

- "Is the instructor regularly communicating with students through multiple channels? (discussions, assignments, reminders, announcements, videos)."
- "Is the faculty member consistently initiating contact with students?"

## How Can We Help Meet RSI Requirements as Evaluators?

**Assessment Feedback** that is academic-focused and helps students improve their understanding.

Questions to ask:

- "Is the feedback specific, detailed, and aimed at improving student understanding?"
- "Are feedback substantive and personalized?"

## How Can We Help Meet RSI Requirements as Evaluators?

**Active Facilitation in Discussions** that encourages deeper engagement with course material.

Questions to ask:

- "Does the instructor lead discussions or provide opportunities for discussion?"
- "Are discussions substantive, academic-focused, and personalized?"
- "Is the teacher providing opportunities for students to reflect or provide their feedback?"

## How Can We Help Meet RSI Requirements as Evaluators?

**Timely Responses and Engagement** to student inquiries, ensuring that students feel supported.

Questions to ask:

- "Is the faculty member monitoring student progress and engaging proactively with those who need help?"

**Proactively Monitor Engagement:** Faculty should identify students who are disengaged and reach out to offer support.

## Practice Scenarios

### Practice Scenarios

"An instructor requires students to participate in a weekly discussion forum but only checks in once a month. This results in minimal interaction from the instructor, leaving students to navigate the discussions on their own."

## Practice Scenarios

### Resolution

Instructor participates in discussions weekly. Responds to students or asks questions that deepen students' understanding. For example, they ask, 'How does this concept connect to what we learned last week?'

The instructor can also provide resources or links for extra support/guidance.

**Substantive Interaction, D.  
Regular Interaction A.**

## Practice Scenarios

"In one online course, a student asked several questions about an assignment but did not receive a response from the instructor until two weeks after the due date. By this time, the assignment had already been submitted, and the student's opportunity to benefit from the instructor's guidance was lost."

## Practice Scenarios

### Resolution

A good practice is for instructors to set clear expectations for response times, such as replying to student emails within 24 to 48 hours.

The instructor could set up virtual office hours or drop-in sessions to provide real-time support.

The instructor can provide a Q&A session in a forum or during your virtual office hours, allowing students to ask questions and get immediate answers. This approach ensures regular and timely interaction, preventing students from feeling unsupported

### Regular Interaction, A & B.

## Practice Scenarios

"A faculty member uses an automated grading tool to evaluate assignments and does not follow up with any personalized feedback. While the tool provides grades, it lacks meaningful comments about the student's strengths or areas for improvement."

## Practice Scenarios

### Resolution

Follow up the grade with personalized feedback.

Use the comments section on the assignment to suggest improvement or highlight their strength.

### Substantive Interaction, B.

## Practice Scenarios

"An instructor sends out weekly instructional content, announcements with a recap of the week's content, assignments to complete, and reflection questions that tie into the course material."

## Summary of Key Points

In summary, here's what to focus on when evaluating faculty for RSI:

### Regular Interaction A, B

**Frequency:** (Regular Interaction A)

Look for frequency of communication – office hours, discussion, announcements, response.  
Are interactions regular and predictable? Are there opportunities provided?

**Proactivity:** (Regular Interaction B)

Monitor how faculty respond to student inquiries and progress.  
Is the instructor reaching out to disengaged students?"

## Summary of Key Points

In summary, here's what to focus on when evaluating faculty for RSI:

### Substantive Interaction B, C, D (must meet 2 out of the 3)

**Assessment Feedback:** (Substantive Interaction B)

Are feedback and discussions academic-focused and meaningful?  
Evaluate the quality of feedback.

**Instructional Content:** (Substantive Interaction C)

Is the instructor providing students periodic instruction and questions related to the course material?  
Evaluate whether engagement with the instructional content (e.g., videos, readings) is provided and delivered in a timely manner.

**Discussions:** (Substantive Interaction D)

Does the instructor actively participate in discussion boards and monitor student progress?  
Ensure faculty are actively engaging with students in discussions or questions.

## Practice Scenarios

"An instructor sends out weekly instructional content, announcements with a recap of the week's content, assignments to complete, and reflection questions that tie into the course material."

### Substantive Interaction, C.

## Summary of Key Points

In summary, here's what to focus on when evaluating faculty for RSI:

### Regular Interaction A, B

**Frequency:** (Regular Interaction A)

Look for frequency of communication – office hours, discussion, announcements, response.  
Are interactions regular and predictable? Are there opportunities provided?

**Proactivity:** (Regular Interaction B)

Monitor how faculty respond to student inquiries and progress.  
Is the instructor reaching out to disengaged students?"

## Summary of Key Points

In summary, here's what to focus on when evaluating faculty for RSI:

### Substantive Interaction B, C, D (must meet 2 out of the 3)

**Assessment Feedback:** (Substantive Interaction B)

Are feedback and discussions academic-focused and meaningful?  
Evaluate the quality of feedback.

**Instructional Content:** (Substantive Interaction C)

Is the instructor providing students periodic instruction and questions related to the course material?  
Evaluate whether engagement with the instructional content (e.g., videos, readings) is provided and delivered in a timely manner.

**Discussions:** (Substantive Interaction D)

Does the instructor actively participate in discussion boards and monitor student progress?  
Ensure faculty are actively engaging with students in discussions or questions.
