Hello Katsuyoshi,

Congratulations and welcome to AMT! After reviewing your phlebotomy curriculums, we are pleased to inform you that your students are eligible to apply for the RPT certifications with AMT. Your ORG ID# is: 129100.

AMT has set up an account portal for your organization. This is where most of your certification business will take place. To log in to your account, visit [www.americanmedtech.org/login](http://www.americanmedtech.org/login) and use the email you provided on your school application as your username. If you do not remember your password, you can easily reset it by clicking the reset my password link on the page. Each of your colleagues from your organization will have separate logins and passwords. If you need help or have questions, please [email us](#).

**In the coming weeks, AMT will email you a series of onboarding emails with information to assist you in the certification process.** Please add [americanmedtech.org](http://americanmedtech.org) to your safe-senders list so you receive this series of six emails. We recommend that you create a dedicated AMT folder in your email system to keep the messages for future reference.

Meanwhile, if you have any questions or concerns regarding certification, we are happy to schedule a call to discuss.

We look forward to working with you!

## Your Account Care Team
