#### Career Information and Guidance

Information, materials, and counselor assistance are available to students who need help in career educational planning and to learn about their interests, abilities, goals, and values. Computer-assisted career search programs and information on schools and colleges that provide additional training for occupations are also available.

#### Personal/Social Counseling Services

Counselors provide limited personal growth and development counseling. Students experiencing adjustment problems, stress, anxiety, difficulties in relationships with others, or other symptoms of emotional distress may receive individual counseling on an appointment basis or, in some cases, be referred to services in the community. All information related to the person receiving counseling is confidential and may be released only with the written permission of the student.

The College has contracted-out services to provide mental and behavioral health support to students and employees. Individual mental health counseling and consultation services are available, including screening, assessment, treatment, referrals, and linkages to community supports and organizations. Students and employees are able to meet with behavioral health care providers on-campus, off-site, or virtually. More information on how to avail of these counseling services will be posted on GCC's webpage and MyGCC.
