AC211 (formerly AC101):Accounting Principles I

Course SLO Description	*Artifact/Instrument/Rubric /Method/Tool Description*	*Data Collection Status/Summary of Results (N=?)*	*Use of Summary Results*
SLO#1 FA2020-SP2021 Report financial data - SLO#1 FA2020-SP2021 Upon successful completion of this course, students will be able to: Interpret and apply accounting principles and concepts to record and report business financial data for effective management decision making. **Course Outcome Status:** Currently being assessed **Course Planned Assessment Cycles:** Fall 2020 - Spring 2021 **Start Date:** 10/12/2020 **End Date:** 03/08/2021 **Capstone Course/CTE Related Course:** N/A **Type of Industry National Certification:** None **Course-level SLO Plan reflects/incorporates:** Other **Historical Assessment Perspective:** In the past assessment cycles and as the program SLO, we reviewed students application of the accounting cycle. This cycle we will use the results of Comprehensive 3. **SLO Domain Types:** SLO - Cognitive Outcomes	**Textbook/Author Designed Tests -** Students will complete a comprehensive problem where the student will complete an entire accounting cycle for a company. **Criterion (Written in %):** 70% of the students in the class, will score 70% or better on this comprehensive problem. **Activity Schedule:** Fall 2020 **Related Documents:** AC211Comp2	**Reporting Period:** Fall 2019 - Spring 2020 **Conclusion:** Criterion Met Started with 19 in class, 2 withdrew, so N=17. Of these 17 students, 13 or 76% had a cumulative average of 70% or higher. (09/17/2020) **Growth Budget Implications/Effect:** Under $500 **Growth Budget Justification:** With the students using Cengage Unlimited, it has allowed students more practice on the computer for their accounting assignments. As faculty we will need to ensure that resources are available to stay current on trends in the accounting world and access to technology. **Related Documents:** AC211 Comp Evidence from Spring 2020.docx	**Use of Summary Result:** This tool continues to be a good tool in assessing students understanding of the material. I am concerned though of the number of students who start the class but need to withdraw. Many times it is due to work issues and / or family problems. I hope that when they resume the class that they can then focus and understand the material better. (09/17/2020) **Implementation Status:** Continue to use the comprehensives to assess this SLO. The college should continue to provide necessary support services for students who continue to struggle with work or family issues in order to help students succeed. (09/17/2020)
