Hafa Adai,

Thank you for meeting with us this morning to go over the trainings that DPHSS provides. We will look at participating in these trainings and in making our campus community aware of them in the event they may be interested.

Thank you,

John Payne

Good Morning, John,

My apologies, our printer is out of service and so I could not make copies of the 2020 GOMH Training sessions available this year. Please print the attached documentation for your reference. Thank you!

Respectfully, Al
