Please, answer the following questions using the rating scale:

- 0 Not Applicable
- 1 Strongly Disagree
- 2 Disagree
- 3 Somewhat Agree
- 4 Agree
- 5 Strongly Agree
  - 1. This course has helped me to identify the basic functions of Industry-standard Vector and Raster programs. 5
  - 2. This course has provided me with the knowledge and skills necessary to produce original graphic design pieces, using industry-standard programs.

  - 4. I am able to use the industry standard vector and raster programs to create original design pieces.
  - 5. I am able to effectively use interpersonal skills in the workplace.  $\underline{\S}$
  - 6. I am able to create a presentation that shows my knowledge and skills gained through my work in the program. 5
  - 7. Lam able to apply theory learned in the program to the work environment.
  - 8. I am able to produce original graphic design pieces, using industry-standard vector and raster software programs.
