Patricia was placed in our Pre-K section. Age group in our Pre-K section range from 36 months and up. Patricia is a natural and the children were able to adapt well to her. She was very lively which captivated the children. She was always prepared and was such a big help with lesson planning. She did great and I would love to hire after completion of her degree.

For those attending DOE schools- the students (GCC) need authorization or something to get accepted into DOE Google classrooms. Lucky we were creative in this area.

Kinder. My practicum student did a great job overall. The only suggestion would be to work on approach and contact when it comes to contacting or communicating.

CURRENT

Practicum students have a difficult challenge to complete their requirements and gain valuable classroom time given the current situation. It would really help them transition to the regular classroom if they receive consistent mentoring and guidance.
