Nurse Emma is always very helpful and treats me in a professional manner.

Nursing Station: Nurse Bataclan was very informative and Outstanding Service

I appreciate the assistance I received with my COVID-19 test and reading the result.
It is helpful that it is easy to receive a COVID-19 test for GCC employees. Nurses giving that test take a risk, and so do other employees who work there.

Very friendly and competent, staff always at GCC Health Center. Nurse is personable, smiling, and listens attentively to any issues I am experiencing. I appreciate the warm and welcoming environment.

Nurse Emma is very helpful. I give 100% Satisfaction

Very kind and helpful :)

Nurse Emma was wonderful and provided great service!

Very great service :)
