March is Developmental Disabilities Awareness Month, Guam System for Assistive Technology (GSAT) will host its two largest public awareness event, the Assistive Technology Fair and Conference. The GSAT Fair will take place on March 7, 2020 at the Agana Shopping Center from 10:00 AM - 2:00 PM and will serve as a prelude to the 26th Annual Assistive Technology Conference on March 20, 2020 from 8:00 AM - 4:00 PM at the Westin Resort Guam. The theme this year is "Assistive Technology: Leading Our 2020 Vision."

On March 7th, you are invited to showcase programs and services with the island community by setting up a table display at the GSAT Fair. If you decide to participate as an exhibitor at the fair, please complete the attached application form and submit it to the GSAT Center by February 21, 2020. Application forms can be faxed to 734-8378 or emailed to [gsat@guamcedders.org](mailto:gsat@guamcedders.org). A table display will consist of one 6 foot long table and 2 chairs. Should a display require additional tables, chairs and/or access to an electrical outlet, GSAT will be pleased to accommodate your needs by simply indicating them on your registration form.

The 26th GSAT Conference aims to bring together guest speakers from the island community, schools, and employment on services being offered as well as opportunities to acquire Assistive Technology (A.T.). If you would like to attend this event, please fill out the attached participant registration form, and submit to the GSAT office on or before March 6, 2020 or you may choose to [register online](#) .

Please help support their goal to bring about awareness of A.T., the GSAT program, and all other community supports and services for individuals with disabilities and their families by joining them.
