GOAL, STRATEGIES AND ACTIVITIES

GOAL

To implement a career and technical education curriculum with applied academics that provides students with more career specific technical skills to grow personally and professionally, while also providing students with knowledge and skills that prepare them for college and/or career readiness.

STRATEGIES

- 1.1 Plan for and implement new CTE programs in the GDOE high schools, according to local industry needs and student interest.
- 1.2 Increase the numbers of students completing secondary CTE programs.
- 1.3 Increase effective opportunities for all high school students to learn about and develop interest in possible CTE programs available.
- 2.1 Develop students' career portfolios documenting curricular and co-curricular activities and achievements that demonstrate college and career explorations, planning and readiness.
- 2.2 Increase the participation in and effective completion of Work Experience in all CTE programs.
- 2.3 Ensure that all CTE instructional facilities are outfitted with the latest state-of-the-art and industry-level equipment to enhance students' learning and their learning environments.
- 3.1 Maximize opportunities for students to score at the highest level possible on the Work Keys assessment.
- 3.2 Effectively integrate College and Career Readiness Standards into the curriculum for all CTE programs.
- 3.3 Engage CTE students in various college-ready transitional experiences.

Comments:

The highlight of this quarter's report is the virtual symposium that was organized by the student. Student was given the Leadership and career exploration lessons and in order to develop their strengths and weaknesses, project was established to execute the skills learned. Due to the present pandemic situation Zoom conference or virtual symposium was created. The virtual symposium organizer invited Hotel Nikko's HR Training Manager via e-mail. Zoom link was sent to the participants and on the event's actual date, facilitated the presentation. It was also another way of integrating the technology and to get the Professionals feedback that will be beneficial to students as part of the lesson.

KEDRICK DIEGO

to me

Salutations Mr. Magdael,

My name is Kedrick Diego, I didn't receive the opportunity to introduce myself during the conference. I am a junior in LMP 2 at George Washington High School. I would just like to thank you for sacrificing your time to come to the conference to talk about the aspects of your job. Before entering the Lodging Management Program (LMP), I had a specific dream to become a position like yours in the HR department and leading. Although, I was kind of resorting to the world of Medicine and Computer Science. But after getting the chance to hear you speak, I'm again in a world of confusion as to which career path I'd like to pursue. When you were talking about choosing a career path, I was reminded that the time for me to enter adulthood is coming and I have to make my decision soon. It's just a scary question, "what are you going to do in the future?", what if I don't like my job. So hearing it from someone in your position, to get on that task. But other than that, like Hanah too, if I were to choose a career in the Hotel Industry. Hotel Nikko would be my first option, hearing you speak seems like you're an incredible and considerate person. And I would like to work with someone who conveys such a personality. I don't fully know you as a whole person, but just you sacrificing

your time to come talk to us here. It just means a lot to me, and that is the main factor of me choosing Nikko as my "go-to" hotel option. Thank you Mr. Magdael again

Respectfully,

Kedrick LG Diego

Dear Mr. Magdael,

I would like to formally thank you for answering our questions and giving us guidance for the future. I felt much more relatable towards you since you were also once a public school kid. Thank you for telling us the general process of hiring and training. They were very helpful for our future, we will keep them in mind. Especially since we are doing an activity next week Wednesday, interviewing each other. I was very nervous about it, but your helpful advice and encouragement made me less stressed about it. Thank you for taking the time out of your busy day to join our conference and inform us about the ideal work ethics and precautions hotels take during the pandemic. Thank you for all the help you have given us. Happy holidays! Have a great day!

Sincerely,

A grateful Junior in High School

Hello sir , my name is Tirisa Gustaf and I am a sophomore in LMP 1 . I just wanted to say how much I appreciate you for coming into the zoom meeting and doing a presentation about what you do . I know thanksgiving passed but Thank you very much for dedicating your time to us . I will look forward to be working with you in your hotel . Thank you again and hope you have a great day and please stay safe .

MERY GRACE HERNANDEZ

to me

Hello Mr. Cosico,

So sorry I couldn't join today's discussion. I was having trouble logging in to the meeting and wouldn't let me in due to my internet connection.
