Student's Strengths: #2, was a true pleasure to work with. She is eager to learn and works well as a team player. — willing to help where she can and carries a good positive attitude every day she showed up. Graphic design skills are good overall.

Student's Areas for Improvement: #2's areas for improvement really only is in the Graphic Design side. I wouldn't say it is a weakness because our work is subjective. I would just recommend sharpening skills in critical thinking as her skills in design are more than adequate. Conceptualizing is key in design.
