Have two guards for graveyard , even after August for safety and overall security.
Keep 2 guards to eliminate risk.
Additional security throughout the day. -Not just in the evenings.
Have more security guards
No walk in security
More security guards especially now that we require them to secure our rooms.
Drones could help since we typically have 1 guard late at night. Also, cameras on all buildings could help.
Better lighting
More lighting and security guard more visible around less listed areas.
I hope we can secure at least one more guard for a total of three. I think that would be the sweet spot.
Need more security during the day.
More guards
Everything is great
More security
Not applicable
I didn't even know we had security.
Nothing
More ways to know and be notified about the security on campus
