Board of Trustees
Guam Community College:

To the Board of Trustees:

We have performed an audit of the financial statements of the Guam Community College (the College) and its discretely presented component unit, collectively a component unit of the Government of Guam, as of and for the year ended September 30, 2012, in accordance with auditing standards generally accepted in the United States of America ("generally accepted auditing standards") and have issued our report thereon dated March 4, 2013.

We have prepared the following comments to assist you in fulfilling your obligation to oversee the financial reporting and disclosure process for which management of the College is responsible.

OUR RESPONSIBILITY UNDER GENERALLY ACCEPTED AUDITING STANDARDS AND GENERALLY ACCEPTED GOVERNMENT AUDITING STANDARDS

Our responsibility under generally accepted auditing standards and standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, have been described in our engagement letter dated November 1, 2012. As described in that letter, the objective of a financial statement audit conducted in accordance with the aforementioned standards is:

- To express an opinion on the fairness of each opinion unit in the College's basic financial statements and the accompanying supplementary information, and to disclaim an opinion on the required supplementary information for the year ended September 30, 2012 in conformity with accounting principles generally accepted in the United States of America ("generally accepted accounting principles"), in all material respects;
- To express an opinion on whether the supplementary information that accompanies the basic financial statements is presented fairly, in all material respects, in relation to the basic financial statements taken as a whole;
- To report on the College's internal control over financial reporting and on its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters for the year ended September 30, 2012 based on an audit of financial statements performed in accordance with the standards applicable to financial audits contained in *Government Auditing Standards*; and
- To report on the College's compliance with requirements applicable to each major federal program and on internal control over compliance in accordance with the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* (OMB Circular A-133).

Our responsibilities under generally accepted auditing standards include forming and expressing an opinion about whether the financial statements that have been prepared with the oversight of management and the Board of Trustees are presented fairly, in all material respects, in conformity with generally accepted accounting principles. The audit of the financial statements does not relieve management or the Board of Trustees of their responsibilities.

We considered the College's internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over financial reporting. Our consideration of internal control over financial reporting would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses.

We also considered the College's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133. Our audit does not, however, provide a legal determination of the College's compliance with those requirements.

MANAGEMENT JUDGMENTS AND ACCOUNTING ESTIMATES

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and on assumptions about future events. Significant accounting estimates reflected in the College's 2012 financial statements include management's estimate of the allowance for uncollectible accounts, which is determined based upon past collection experience and aging of the accounts, and management's estimate of depreciation expense, which is based on estimated useful lives of the respective capital assets. During the year ended September 30, 2012, we are not aware of any significant changes in accounting estimates or in management's judgments relating to such estimates.

AUDIT ADJUSTMENTS AND UNCORRECTED MISSTATEMENTS

As the result of our audit work, we identified matters that resulted in audit adjustments that we believe, either individually or in the aggregate, would have a significant effect on the College's financial reporting process. Such proposed adjustments, listed in Attachment I, have been recorded in the accounting records and are reflected in the 2012 financial statements. Those proposed adjustments that were not recorded by management are also included in the schedule described in the next paragraph.

In addition, we have attached to this letter, as Appendices A and B to Attachment II, a summary of uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period and prior period presented that were determined by management to be immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

SIGNIFICANT ACCOUNTING POLICIES

The College's significant accounting policies are set forth in Note 2 to the College's 2012 financial statements. During the year ended September 30, 2012, there were no significant changes in previously adopted accounting policies or their application, except for the following pronouncements adopted by the College:

During fiscal year 2012, the College implemented the following pronouncements:

- GASB Statement No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, which amends Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, and Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, and addresses issues related to the frequency and timing of measurements for actuarial valuations first used to report funded status information in OPEB plan financial statements.
- GASB Statement No. 64, *Derivative Instruments: Application of Hedge Accounting Termination Provisions (an amendment of GASB Statement No. 53)*, which will improve financial reporting by state and local governments by clarifying the circumstances in which hedge accounting continues to be applied when a swap counterparty, or a swap counterparty's credit support provider, is replaced. The implementation of this pronouncement did not have a material effect on the accompanying financial statements.

The implementation of these pronouncements did not have a material effect on the accompanying financial statements.

In December 2010, GASB issued Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*, which addresses how to account for and report service concession arrangements (SCAs), a type of public-private or public-public partnership that state and local governments are increasingly entering into. The provisions of this statement are effective for periods beginning after December 15, 2011. Management does not believe that the implementation of this statement will have a material effect on the financial statements of the College.

In December 2010, GASB issued Statement No. 61, *The Financial Reporting Entity: Omnibus*, which is designed to improve financial reporting for governmental entities by amending the requirements of Statements No. 14, *The Financial Reporting Entity*, and No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, to better meet user needs and address reporting entity issues that have come to light since those Statements were issued in 1991 and 1999, respectively. The provisions of this statement are effective for periods beginning after June 15, 2012. Management does not believe that the implementation of this statement will have a material effect on the financial statements of the College.

In December 2010, GASB issued Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, which is intended to enhance the usefulness of its Codification by incorporating guidance that previously could only be found in certain Financial Accounting Standards Board (FASB) and American Institute of Certified Public Accountants (AICPA) pronouncements. The provisions of this statement are effective for periods beginning after December 15, 2011. Management does not believe that the implementation of this statement will have a material effect on the financial statements of the College.

In July 2011, GASB issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, which establishes guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position. The provisions of this statement are effective for periods beginning after December 15, 2011. Management has not yet determined the effect of implementation of this statement on the financial statements of the College.

In April 2012, GASB issued Statement No. 65, *Items Previously Reported as Assets and Liabilities*, which clarifies the appropriate reporting of deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting. The provisions of this statement are effective for periods beginning after December 15, 2012. Management has not yet determined the effect of implementation of this statement on the financial statements of the College.

In April 2012, GASB issued Statement No. 66, *Technical Corrections - 2012*, which enhances the usefulness of financial reports by resolving conflicting accounting and financial reporting guidance that could diminish the consistency of financial reporting. The provisions of this statement are effective for periods beginning after December 15, 2012. Management has not yet determined the effect of implementation of this statement on the financial statements of the College.

In June 2012, GASB issued Statement No. 67, *Financial Reporting for Pension Plans*, which revises existing guidance for the financial reports of most pension plans, and Statement No. 68, *Accounting and Financial Reporting for Pensions*, which revises and establishes new financial reporting requirements for most governments that provide their employees with pension benefits. The provisions in Statement 67 are effective for financial statements for periods beginning after June 15, 2013. The provisions in Statement 68 are effective for fiscal years beginning after June 15, 2014. Management has not yet determined the effect of implementation of these statements on the financial statements of the College.

OTHER INFORMATION IN THE ANNUAL REPORTS

When audited financial statements are included in documents containing other information such as the College's 2012 Annual Report, we will read such other information and consider whether it, or the manner of its presentation, is materially inconsistent with the information, or the manner of its presentation, in the financial statements audited by us. We will read the other information in the College's 2012 Annual Report and will inquire as to the methods of measurement and presentation of such information. If we note a material inconsistency or if we obtain any knowledge of a material misstatement of fact in the other information, we will discuss this matter with management and, if appropriate, with the Board.

DISAGREEMENTS WITH MANAGEMENT

We have not had any disagreements with management related to matters that are material to the College's 2012 financial statements.

CONSULTATION WITH OTHER ACCOUNTANTS

We are not aware of any consultations that management may have had with other accountants about auditing and accounting matters during 2012.

MANAGEMENT'S REPRESENTATIONS

We have made specific inquiries of the College's management about the representations embodied in the financial statements. Additionally, we have requested that management provide to us the written representations the College is required to provide to its independent auditors under generally accepted auditing standards. We have attached to this letter, as Attachment II, a copy of the representation letter we obtained from management.

MAJOR ISSUES DISCUSSED WITH MANAGEMENT PRIOR TO OUR RETENTION

Throughout the year, routine discussions were held or were the subject of correspondence with management regarding the application of accounting principles or auditing standards in connection with transactions that have occurred, transactions that are contemplated, or reassessment of current circumstances. In our judgment, such discussions or correspondence were not held in connection with our retention as auditors.

SIGNIFICANT DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDIT

In our judgment, we received the full cooperation of the College's management and staff and had unrestricted access to the College's senior management in the performance of our audit.

CONTROL-RELATED MATTERS

We have issued a separate report to you, also dated March 4, 2013, wherein no matters involving the College's internal control over financial reporting that were considered to be material weaknesses under standards established by the American Institute of Certified Public Accountants were reported.

We have also issued a separate report to you, also dated March 4, 2013, containing information regarding our consideration of the College's internal control over financial reporting and our tests of its compliance with certain provisions of law, regulations, contracts and grant agreements. There are no compliance findings in the report involving the College's compliance with requirements applicable to each major program and on internal control over compliance in accordance with OMB Circular A-133.

This report is intended solely for the information and use of management of the College, the Board of Trustees, and the Office of Public Accountability - Guam and is not intended to be and should not be used by anyone other than these specified parties.

We wish to thank the staff and management of the College for their cooperation and assistance during the course of this engagement.

Very truly yours,

 - a. It is at least reasonably possible that the estimate of the effect on the financial statements of a condition, situation, or set of circumstances that existed at the date of the financial statements will change in the near term due to one or more future confirming events.
 - b. The effect of the change would be material to the financial statements.
33. Risks associated with concentrations, based on information known to management, that meet all of the following criteria have been disclosed in the basic financial statements:
 - a. The concentration exists at the date of the financial statements.
 - b. The concentration makes the College vulnerable to the risk of a near-term severe impact.
 - c. It is at least reasonably possible that the events that could cause the severe impact will occur in the near term.
34. There are no:
 - a. Violations or possible violations of laws or regulations whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.
 - b. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by FASB ASC 450, *Contingencies*.
35. The College has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral except for the lien established by U.S. Department of Agriculture as disclosed in note 9 to the financial statements.
36. The College has complied with all aspects of contractual agreements that may have an effect on the financial statements in the event of noncompliance.
37. No department of Guam Community College has reported a material instance of noncompliance to us.
38. There are no known related party transactions, which should be recorded or disclosed in the financial statements.

39. The College is exposed to various risks of loss; theft of, damage to, and destruction of assets; operation liability; errors and omissions; employee injuries and illnesses; natural disasters and employee health, dental and accident benefits. Commercial coverage is provided for claims arising from most of these matters.
40. The College is responsible for determining and maintaining the adequacy of the allowance for doubtful accounts, interfund receivables, and accounts receivable, as well as estimates used to determine such amounts. Management believes the allowances are adequate to absorb currently estimated bad debts in the account balances.
41. Provision has been made to reduce excess or obsolete inventories to their estimated net realizable value. All inventories are the property of the College and do not include any items consigned to it, any items billed to customers, or any items for which the liability has not been recorded.
42. The College does not require collateralization of its cash deposits; therefore, deposit levels in excess of FDIC insurance coverage are uncollateralized. Accordingly, these deposits are exposed to custodial credit risk. The College has not experienced any losses on such accounts and management believes it is not exposed to credit risk on its deposits.
43. The Government of Guam and its component units, including the College began withholding and remitting funds to the U.S. Social Security system for the health insurance component of its salaries and wages effective October 1998. Prior to that date, the Government of Guam did not withhold or remit Medicare payments to the U.S. Social Security system. If the Government is found to be liable for Medicare payments on salaries and wages prior to October 1998, an indeterminate liability could result. It has been the practice of the College and all other component units of the Government of Guam that payment of this health insurance component is optional prior to October 1998. Therefore, no liability for any amount, which may ultimately arise from this matter, has been recorded in the financial statements.
44. The College is involved in various legal proceedings. Management believes that any losses arising from these actions will not materially affect the College's financial position.
45. The College has not assessed the impact of the requirements of the Public Law 21-59 regarding Merit Bonuses as of September 30, 2012. Therefore, no liability which may ultimately arise from this matter has been recorded in the accompanying financial statements.
46. The College received title to 314 acres of land situated in the municipality of Mangilao from the Government of Guam with no restrictions. On November 17, 2011, Public Law was passed transferring the land to Guam Ancestral Lands Commission.
47. The College has MDF appropriations due from Government of Guam of \$647,469. Such amount was not recorded in the financial statements as management believes that the amount will not likely be collected from DOA.

ATTACHMENT II, CONTINUED

48. No events have occurred after September 30, 2012, but before March 4, 2013, the date the financial statements were available to be issued that require consideration as adjustments to, or disclosures in, the financial statements.
