Citizen-Centric Reports

The Citizen-Centric Reporting Initiative (CCR) is intended to foster innovative means of communication between governments and their citizenry. The CCR seeks to provide government financial information to its citizens in forms that are clear and understandable, updated regularly and often, delivered to all, easy to locate, honest in breadth and technically accurate in detail.

Financial Audit Reports

In accordance with the Governmental Accounting Standards Board (GASB) Statement No. 35, *Basic Financial Statements-and Management's Discussion and Analysis-for Public Colleges and Universities*, establishes the financial statement presentation for the College and provides a comprehensive, entity-wide perspective of the College's assets, liabilities, net assets, revenues, expenses, changes in net assets, and cash flow.

Financial Information

The College is a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented during the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when obligation has been incurred.
