Subject: Cognos 10 & etc.

Hello,

Since we have the Cognos 10 Prod now available for your testing and usage, we will be scheduling the following servers to be shut down by May 3, 2014 to free up space in the VM:

- 1) Cognosedw.guamcc.edu (Cognos8 and Cognos8tst)
- 2) Prododsedw.guamcc.edu (ODS/EDW database Windows version)

Kindly test your respective reports before May 3, 2014 using the Cognos 10 Prod to ensure the complete transition from Cognos 8 to Cognos 10.

GCC Banner Links in MYGCC/MyBanner has also been updated to show the Cognos 10 Prod url.

Thank you and Best regards,

CATHERINE M. SOLIDUM
