IMPORTANT BID PACKAGE CONDITIONS AND CLAUSES:

After Initial Award, and for the remaining of the Fiscal Year, awarded vendor must agree that GCC retains the option to revisit the above standards every 3 months and to request vendors to make downward price adjustments to bid prices to reflect current market offerings. This list will remain in effect for one year from the date of approval. Equal or upgraded specifications of items may be furnished as approved by GCC. The list will be adjusted annually to reflect updates in technology trends.

This is an "Indefinite Quantity Bid" pursuant to Section 3-501.09.2 of Guam Procurement Regulations. The quantities reflected are annual estimated requirements. Quantities may increase or decrease thru the duration of the contract subject to the availability of funds. No commitment is made to vendors in terms of purchasing a guaranteed quantity. The college only commits to purchasing bid list items from the awarded "GCC Preferred Computer Vendor". This commitment is dependent on the vendor meeting GCC's price reduction requests, every 3 months, and/or when sufficient GCC funding is available. The vendor that receives the bid award is designated the "GCC Preferred Computer Vendor" for the bid list item specifications. All purchases for computers and other items meeting those specifications must be purchased from the "Preferred Computer Vendor". This is not an "All or None" bid.

The "GCC Preferred Computer Vendor" will be awarded for specific item and not necessarily all of the equipment on the bid list.. For example, if Vendor A proposes and meets specifications for item "X" and also beats the prices of all other vendors, then Vendor A will be awarded the "GCC Preferred Computer Vendor" designation for item "X" for the remainder of the fiscal year. If Vendor B, however, is awarded for meeting specifications of item "Y", then Vendor B will be the "GCC Preferred Computer Vendor" for item "Y" for the remainder of the fiscal year. The "GCC Preferred Computer Vendor" can be awarded separately or solely to items "X", "Y", and/or "Z". GCC, hereby, informs all potential "GCC Preferred Computer Vendors" that no guarantees are being made to purchase exact quantities stated in the bid package. GCC reserves the right to

renew or discontinue the "GCC Preferred Computer Vendor" designation for any item at any time during the Fiscal Year commitment. The intent here is to designate a particular vendor for each item specification in order for GCC to standardize computer purchases, and streamline the procurement and implementation of automation technology.
