**Members present (special meeting):** Pilar Pangelinan, Loressa Melegrito, Tonirose Realica, Vera De Oro

### **Topics Discussed:**

- **Spring Data Collection feedback:** Self-Study Coordinator and Assistant Director AIER gave Committee members feedback on the March mini report. Based on the feedback, the quality of the narrative has greatly improved from the previous mini reports. The one thing that still needs work is footnoting on the narrative and making sure that the footnoting is aligned with the Directory of Evidence. The feedback was also given to the members electronically.
- **ACCJC's report on San Francisco City College:** The importance on meeting the established accreditation standards by peer colleges under the auspices of ACCJC was emphasized to the committee members by the sharing the report from the Commission that resulted in the closure of the San Francisco City College. Achieving accreditation is an institutional effort and requires collective participation from administrators, faculty, and staff working together to provide quality educational services and workforce development training to students and stakeholders.
- **Faculty accountability report for committee work:** Committee chairs were reminded that they must turn in the faculty accountability report for committee work to AIER which are going to be submitted to the Deans for their review
- **Next Meeting Date:** Fall semester beginning in August to be announced (TBA).
