Dr. R. Ray D. Somera
Vice President for Academic Affairs

SUBJECT: Institutional Priorities for AY2013-2014 Professional Development
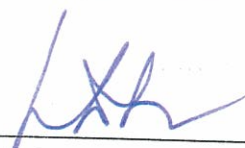

DATE: August 27, 2013

The attached list identifies two categories of institutional priorities that should serve to guide all professional development activities at the college, regardless of funding source. This is an updated list with input from the GCC Faculty Senate and the President's management team.

As these institutional priorities reflect, they aim to "ensure that funds awarded for faculty professional development activities support the college and its institutional strategic master plan: (BOT-GCC Faculty Union Agreement, 2010-2016, Article IX, p. 38). Moreover, these institutional priorities will also apply to the Staff/Administrators Professional Development Committee when it comes to funding decisions. Applications for the other professional development activities, even when no college funding is involved, should likewise consider this institutional priority list.
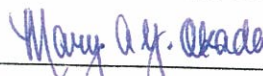

Please be guided accordingly.
