### Habitat for Humanity Service Learning opportunity

Hafa adai GCC Faculty,

GCC received this message from Habitat for Humanity:

Habitat for Humanity of Guam is seeking volunteer support for its next fundraising event on Friday, October 10, 2014 at the the Country Club of the Pacific in Ipan. Our efforts in this event will allow us to continue on with our plans to break ground on the next two Habitat Homes.

For this (golf fundraising) event Habitat for Humanity is searching for 23 responsible and dependable individuals to help assist us in judging the golf contests that will take place during the event. Each person will be paired with another volunteer to ensure fair judging and avoid disputing for participants. We are looking to slot interested paired volunteers between 12pm - 3pm and 3pm - 6pm on this Friday. We welcome those who wish to volunteer during the whole event. Food and drinks will be served during the day and all volunteers are welcomed to join the dinner banquet at 6pm.

Our organization is able to provide service learning hours for those who show support to our efforts. We are local and international Habitat Affiliate in good standing with both the local DRT and Federal IRS. The time and commitment contributed here and through other activities will be recognized throughout. Certificates and letters of support are also provided to all individuals no matter the amount of time given to help our overall mission.

I hope the community of GCC Students and/or organizations may be interested in supporting this effort to help get us onto building our next home in Malojloj. Please do not hesitate to contact me at anytime at [habitatdir@guam.net](mailto:habitatdir@guam.net) or 483-7707.

Thank you for your time and I hope for your support.

Alicia Perez Aguon, Executive Director

Habitat for Humanity (647-4667, cell 483-7707) [habitat.gu.director@gmail.com](mailto:habitat.gu.director@gmail.com)
