STUDENT IDs

Guam Community College is currently working on obtaining a new Student Identification System in order to provide efficiency within our Banner System, using a GCC Student ID for various student services. This new ID system will be available for Spring 2014 Semester registration in October. Therefore, for Fall 2014 Semester, the following student ID process will be implemented on Thursday, July 10, 2014 at the Student Support Services Office:

- New Students: new IDs will be issued using the current ID system.
- Continuing Students: a validation sticker will be used to validate your current GCC Student ID. No new Student ID will be issued. Please bring your current GCC Student ID to Student Support Services to validate your GCC Student ID for Fall 2014 Semester.

Thank you for your understanding and cooperation!

Student Support Services Office
