Hafa Adai Dr. Ray,

Exactly...I want to ensure all are included. Thanks for the green light.

Gary

Gary, yes to your question, as this is part of your domain responsibility. However, please include all the other stakeholders in the development of the training and the training session yourself so that there is ownership of this process for everyone. The documentation piece of it is also important for Team Recommendation # 4 in our latest ACCJC report. I am cc'ing Marlena this email so she is also in the loop in this conversation, and she can include this in our Directory of Evidence.

Hafa Adai Dr. Ray,

Vice President Carmen Santos has requested training on the new Participatory Governance Handbook.

I would be happy to put something together for all of GCC. I've talked with Faculty Senate President Tony Roberto, who would be willing to collaborate on this, and I can invite the leaders of the staff and student bodies to join in too, to show support for the document from all constituencies.

We could set a date and invite the community to raise questions that may need clarification or resolution, prior to the training, to make the session as substantive as possible. Of course, questions would be addressed at the training too.

Would you like for me to conduct a training session? If so, please let me know if you have additional direction on how best to proceed.

Thanks!

Gary
