

INITIATIVE 1

Enhance and monitor the College's facilities master plan to keep pace with institutional growth and educational projections and priorities:

The College needs to envision the facilities needs of the future to accommodate educational projections and priorities. The College must ensure that facilities are in adequate condition and capacity to accommodate current programs and distribution of class offerings. The maintenance of sufficient classrooms to meet scheduling needs and evening programs plays a critical part in providing our students with a comfortable environment that is conducive to learning.

INITIATIVE 2

Strengthen the participatory governance process to ensure that all stakeholders understand their role in collaborative governance:

The College's participatory governance process serves as an important element in carrying out the goals and initiatives of the College's mission. The process emphasizes the broad participation of employees at all levels (i.e., administrators, faculty and staff) and students to make meaningful contributions to the planning and decision-making processes, and seeks to broaden the range of people who have access to such opportunities. The participatory governance process serves as a catalyst to generate enthusiasm for employees to be committed to providing students with access and success in accomplishing their educational goals. The employees of the College must understand their role in participatory governance in order to achieve the spirit of cooperation, collaboration, and collegiality to promote the vision, mission, and values of the College. The collaborative and effective methods of planning, implementation, and evaluation through the participatory governance process will exemplify the College's commitment to student learning and achievement, continuous improvement and institutional excellence.
