

TECH FRIDAY

TECHNOLOGY TRAINING

OCTOBER 2012

Every Friday is Tech Friday.

All sessions start at 3:30 P.M.

5TH

Classroom Tools LRC, Room 112

Elaine Fejerang

iPads in the Classroom

How do I connect an iPad to a flat screen TV, wired or wirelessly? What about connecting an iPad to a projector? Can I control a remote computer through an iPad and project it on a big screen? Can I use Flash on the iPad? What about grading? What's this about Multimedia books? Where can I get free lecture sources or free books? Come join us for answers to all these questions plus more!

12TH

On-LineTools A Bldg. Room A7

Steve Lam/John Jocson/Theresa Hormillosa

GradeKeeper and ExamView

Two software tools that can help you with grading and exams. Learn how to set up your class with Grade Keeper using categories and enter grades with ease while providing student reports on paper and/or online. ExamView provides you with the ability to create various forms of assignments and deliver exams via paper and/or online.

19TH

Classroom Tools Tech Center,TCI 108

Jean Cepeda

Getting Big Results Out Of Your Small Camera Phones

Almost everyone has a phone that can take pictures. As any professional photographer will tell you, the best camera is the one you have with you. Come join us as Jean shares some basic camera techniques in taking better pictures with the camera you have with you all of the time!

26TH

On-LineTools A Bldg. Room A7

Technology for Classroom Instruction that Works

Discover for yourself some of the tools you can use to enhance classroom instruction. Get hands on training on making rubrics, concept mapping, constructing gradebooks, formulating surveys for student feedback, using videos, and blogging. These practices are based on a recent training session, Classroom Instruction that Works, attended by several GCC faculty including the presenters. Here's your chance to try out something new!
