| Artifact/Instrument/Rubric/Method/Tool Description   | Criterion ( Written in % )   | Activity Schedule  | Active |
| Pre- and post-project surveys of our general user population will be used to assess if there is a decrease in SPAM, viruses, and security-related problems. Various system logs will also be reviewed to measure the effectiveness of the security systems in place. A visit to and a survey of the communications and server room will show that the devices are in place. A purchase order document, software licenses, and the network and system logs will indicate that protection systems are being installed and in use. Our enterprise antivirus system will show updated detection, and POSTINI administrator logs will report results of SPAM filtering. Installation of employee systems will also include the activation of Windows XP's personal firewall system. | 65% of users surveyed will indicate a decrease in SPAM, viruses, and security-related problems. Abuse@guamcc.edu logs will show a 50% decrease. 100% of the network and its critical servers will be behind the firewall appliance and 100% of systems will be provided antivirus protection. 100% of all GCC e-mail accounts will also have access to POSTINI's antisipam system (see URL). A network survey of used IP addresses will also show at least a 50% to 75% reduction in the use of public IP addresses. | By or before 9/30/2006, surveys will be administered and the firewall appliance will also be in place. POSTINI and the enterprise antivirus system is currently active and MIS continues to add accounts for protection. Starting immediately, MIS will begin implementing steps to remove use of public IP addresses. | Yes    |

| <p>Various system logs will be reviewed to measure the effectiveness of the security systems in place. A visit to and a survey of the communications and server room will show that the devices are in place. Purchase order documents, software licenses, and the network and system logs will indicate that protection systems are being installed and in use. Our enterprise antivirus system will show updated antivirus detection. Installation of employee systems will also include the activation of personal firewall systems. Currently in place include one router for the entire campus, one CISCO firewall to the SunGard servers, and one SYMANTEC firewall for TracDat, and one SYMANTEC firewall for two open labs, and personal firewalls to the users of the Windows XP operating system. 3COM switches are deployed to most of the campus, but some 3COM hubs are still in use. Our SYMANTEC Enterprise Antivirus system is in used, but will need additional licenses and upgrades to be able to support both XP and VISTA for a little over a thousand systems. We may also need to move into NOD32 Antivirus, if SYMANTEC does not work well with VISTA. Spamassassin, Outlook's junk filter, and our enterprise antivirus systems are in use as default antispam systems, but may require improvements depending on assessment of needs. At this time we have about 80% of systems using public IP addresses and we want to bring this percentage down to a minimum of 25% using firewalls and routers.</p> <p><b>Type of Artifact/Instrument/Rubric/Method/Tool:</b><br/>Document Review</p> <p><b>Related Documents:</b><br/><a href="#">IP Address Manager1.pdf</a></p> | <p>80% of the network and its critical servers will be behind firewalls compared to the current 10%, and 100% of systems will be provided antivirus protection and/or will be applied with the latest security patches and updates to strengthen system security as compared to the current 80%. A network survey of used IP addresses will also show at least 20% to 25% use of private IP addresses instead of public IP addresses.</p> | <p>By or before 9/30/2008, firewall appliances will be in place. The enterprise antivirus system currently active will continue being updated and increased in the number of licenses, as needed. **Outcome Description: 2015-2017 Internet Bandwidth Capacity, Reliability, and Management**

AUO #1 FA2015-SP2017:

MIS will ensure sufficient bandwidth to accommodate distance education, cloud-based resources, the internationalization initiative, and any other future projects as needed and planned for.

**Outcome Type:** AUO

**Start Date:** 10/12/2015

**End Date:** 03/13/2017

**Outcome Status:** Completed the Assessment Cycle

**Program SLO/AUO Plan Other**

**reflects/incorporates:**

**Historical Assessment** 1) Expand wireless accessibility to other under-served areas of the campus;

**Perspective:** 2) Continue to renew, as well as update or upgrade both the InterMapper and Solarwinds network monitoring systems so that we can have the ability to look deeper into the different types of Internet or local traffic that may have an impact on the bandwidth's throughput or performance;

3) Work closer with our current Internet Service Providers (ISP) to further configure our Internet links for better routing of incoming and outgoing Internet traffic;

4) Monitor through GCC's Procurement Office transactions for subscriptions of online services and applications that can impact bandwidth utilization in order to plan for and gauge these types traffic to ensure sufficient and optimal bandwidth is available to and from the campus;

5) Request for non-contractual ISP's (DOCOMOPacific) to continue to donate bandwidth either for local or Internet traffic and/or expertise services towards improving as well as adding a certain level of backup and redundancy to our Internet connections.

**Budget Goals:** IT Management. Provide effective management of computer technology and related resources in order for the college to carry out its mission and to provide students access to tools that will help them meet their educational goals.

### **Outcome Description: 2015-2017 Enterprise Resource Planning (ERP) System Cloud Migration**

AUO #2 FA2015-SP2017:

In the Cloud, MIS will ensure the ERP system, is effective in meeting current and future needs of learning, teaching, college-wide communications, research, and operations in support of Institutional Learning, Student Learning, Administrative, and Student Services Unit Outcomes (ILO, SLO, AUO, & SSUO).

**Outcome Type:** AUO

**Start Date:** 10/12/2015

**End Date:** 03/13/2017

**Outcome Status:** Completed the Assessment Cycle

**Program SLO/AUO Plan Other**

**reflects/incorporates:**

**Historical Assessment** 1) Continue to fine tune the ERP system and reclaim as much system resources as possible by removing old virtualized servers and implementing automated

- Perspective:** housekeeping scripts to get rid of old and unnecessary files and or file systems such as logs and stale or unused databases;
- 2) Increase RAM and storage capacity of the VM host hardware as well as add one or more blade physical servers to increase CPU resources so as to prepare for upcoming ERP software upgrades, improve system response or performance for our users, and to finally allow for more legacy servers to be virtualized; UPDATE NOTE: Due to the new direction of moving the ERP to the Cloud, this is no longer being pursued.
  - 3) Put the VM main UPS on preventive maintenance agreement and assess and fix equipment of any potential damages as a result of generator failure that lead to the UPS system getting drained, and so that the system can be considered as reliable as when it was initially installed back in 2010; UPDATE NOTE: Last assessment of equipment did not require repairs.
  - 4) At least upgrade the UPS by adding more batteries so that backup or up-time can be increased beyond 2 hours and to allow more time for a graceful shutdown of the entire ERP system, and just in case the D-Wing generator fails, again; UPDATE NOTE: Again, due to the new direction of moving the ERP to the Cloud, this UPS upgrade is no longer being pursued.
  - 5) Put in place a UPS backup system for the entire server room in order to provide backup power to all network communication and surveillance systems and to add as a primary backup system to the VM's main UPS--this will also replace legacy UPS system that are taking up too much floor space, are no longer reliable, and currently only provides about 10 minutes of backup power or up-time. UPDATE NOTE: This is still being pursued but reduced to primarily provide backup power or up-time to core networking equipment;
  - 6) Seek ways to reduce ERP-related costs associated with technical support and licenses maintenance and renewals by continuing to outsource to 3rd-party vendors and renegotiating for lower prices, going directly to software manufacturers, and/or implementing less expensive but viable alternative license subscriptions;
  - 7) Seek additional funding sources such as grants, CIP funds, Foundation Board monies, etc. to make the above upgrades become a reality.

**Budget Goals:** IT Support. To provide sufficient technology support by hiring, training, and retaining managerial, technical, and operational personnel, or outsourcing services, to help meet the computer needs of students, programs and service areas.

**Student Learning Outcome (SLO): FA15-SP17 AUO#3 Capital Improvement Projects (CIP)**

AUO#3 Upon successfully receiving services, students will have a measurable timeline of completion dates of CIP projects that improve and provide a safe learning environment.

**Start Date:** 10/12/2015  
**End Date:** 03/13/2017  
**SLO Status:** Completed the Assessment Cycle

**Program SLO/AUO Plan** Institutional Strategic Master Plan (ISMP)  
**reflects/incorporates:**

**Historical Assessment** During February of every year, CIP projects are solicited from the campus community and compiled. The Scope of Work is developed and a government estimate is obtained. This information is presented to the Resource Planning and Facilities (RPF) committee, and when approved, to the College Governing Council (CGC) who would then recommendation the projects to the Board of Trustees (BOT) for consideration/approval. When approved by the BOT, formal bids/Request for Quotes are issued.

**Budget Goals:** Upon successful completion of receiving services from the facility maintenance office, students will benefit by having timely completion of CIP projects and thereby a safe learning environment.

## Student Governance (Archive)

**Mission Statement:** In an effort to create a climate where students at Guam Community College become increasingly-active participants in their educational experience, the Student Governance Initiative strives to encourage students to offer a constructive and unified voice in shaping the programs and offerings within GCC which are central to their educational experiences. Central to this Initiative are efforts by the Office of Student Development to constructively advocate for the presence of student involvement in decision making processes affecting their educational experiences.

PER 9-30-05 MEMO FROM TSS DEAN, THE ADMIN UNIT OUTCOME FOR THIS PROGRAM WILL BE INCORPORATED WITH CAMPUS LIFE.

**Vision Statement:** The Student Governance Initiative is an effort to organize and communicate the needs, recommendations and views of Guam Community College students relative to all aspects of their educational experience. Through direct work with the Council on Post secondary Student Affairs, students will be empowered to understand and utilize their unified voice in addressing educational concerns. Through direct work with academic and administrative units throughout GCC, the Office of Student Development will actively encourage solicitation and consideration of student views on matters pertaining to their educational experiences.

**No Student Learning Outcomes (SLOs) were returned for this Group C: Student Services Unit based upon the selected parameters.**

## Student Support Services (formerly Auxiliary Services)

**Mission Statement:** The Student Support Services unit at Guam Community College is committed to providing security, health services, instructional assistance, and other necessary support services to enhance the learning process for faculty and students in the delivery of academic instruction.

**Vision Statement:** To maintain a secure, healthy, and skill-based campus community conducive to a positive learning environment for students.

## Student Learning Outcome (SLO): AY04-05 Students will identify and master software tools and palettes and demonstrate basic techniques and actions.

What do our students know? Are students completing our courses with enough (or the right) knowledge to continue on to the next course level? And how consistent are we? Are we doing enough to ensure that students, from semester to semester, are receiving the same information. We plan to use this SLO to determine this.

Students will identify and master software tools and palettes and demonstrate basic techniques and actions.

**Task Description:** The last survey of students pointed up one weakness - they weren't confident they were prepared for employment in the field. Now, the students in both VC201, Project Management, and MK224, Advertising, which is also a requirement for an Associate of Science in Visual Communications, will perform print, video and web projects for either Private Sector clients or non-profit organizations. Artifacts from these classes will be rated by the client and the Advisory Committees. This will give the students transitioning from an academic environment to the workplace confidence they have been "armed" with the skills to succeed.

- \* VC125 (formerly VC121) - Digital Graphics: Photoshop ®: 2012-2013 Acalog SLO#3 - SLO#3 Upon successful completion of this course, students will be able to navigate with the tools of Photoshop to create and edit graphics for print and for the web.
- \* VC125 (formerly VC121) - Digital Graphics: Photoshop ®: 2012-2013 Acalog SLO#5 - SLO#5 FA-SP:  
Upon successful completion of this course, students will be able to use layers, masks paths and channels to produce graphic images.
- \* VC126 (formerly VC122) - Digital Graphics: Illustrator ®: 2012-2013 Acalog SLO#2 - SLO#2 FA-SP:  
Upon successful completion of this course, students will be able to work with type including creation of type, type masks, formatting and wrapping text.
- \* VC126 (formerly VC122) - Digital Graphics: Illustrator ®: Vocabulary of Illustrator - SLO#4 AY08-09:  
Upon completion of this course, students will be able to understand and use the common vocabulary of Illustrator.
- \* VC126 (formerly VC122) - Digital Graphics: Illustrator ®: 2012-2013 Acalog SLO#3 - SLO#3 FA-SP:  
Upon successful completion of this course, students will be able to understand the tools and procedures of Illustrator and navigate to the proper tool to create and edit graphics for print and for the web.
- \* VC126 (formerly VC122) - Digital Graphics: Illustrator ®: 2012-2013 Acalog SLO#4 - SLO#4 FA-SP:  
Upon successful completion of this course, students will be able to understand and use the common vocabulary of Illustrator.
- \* VC131 - Desktop Publishing: Print Publishing Vocabulary - SLO#1 AY08-09:  
Upon completion of this course, students will be able to understand the standard vocabulary of desktop and print publishing.
- \* VC131 - Desktop Publishing: 2012-2013 Acalog SLO#1 - SLO#1 FA-SP:  
Upon successful completion of this course, students will be able to understand the standard vocabulary of desktop and print publishing.
- \* VC131 - Desktop Publishing: 2012-2013 Acalog SLO#2 - SLO#2 FA-SP:  
Upon successful completion of this course, students will be able to use application tools and functions common to desktop publishing and page layout software.
- \* VC131 - Desktop Publishing: 2012-2013 Acalog SLO#4 - SLO#4 FA-SP:  
Upon successful completion of this course, students will be able to employ palettes and apply functions common to DTP including color, layout style sheets and measurements.
- \* VC131 - Desktop Publishing: 2012-2013 Acalog SLO#5 - SLO#5 FA-SP:  
Upon successful completion of this course, students will be able to setup up documents using forms, rules and tables.
- \* VC131 - Desktop Publishing: 2012-2013 Acalog SLO#6 - SLO#6 FA-SP:  
Upon successful completion of this course, students will be able to distinguish between effective usage of inkjet and laser printers.
- \* VC131 - Desktop Publishing: 2012-2013 Acalog SLO#7 - SLO#7 FA-SP:  
Upon successful completion of this course, students will be able to use efficient digital project file management.
- \* VC135 - InDesign®: 2012-2013 Acalog SLO#1 - SLO#1 FA-SP:  
Upon successful completion of this course, students will be able to use Adobe InDesign® publishing software to complete page layouts and designs for a variety of professional publishing purposes.
- \* VC135 - InDesign®: 2012-2013 Acalog SLO#3 - SLO#3 FA-SP:  
Upon successful completion of this course, students will be able to import existing files from word processing and raster and vector graphics programs into the publishing program.
- \* VC135 - InDesign®: 2012-2013 Acalog SLO#4 - SLO#4 FA-SP:  
Upon successful completion of this course, students will be able to produce sophisticated layouts including text and graphic images.
- \* VC135 - InDesign®: SLO#5 - SLO#5 AY:  
Upon completion of this course, students will be able to practice effective judgment with fonts, type styles and type uses.
- \* VC135 - InDesign®: SLO#6 - SLO#6 AY:  
Upon completion of this course, students will be able to demonstrate ability with style sheets, color graphics and the control of long documents.
- \* VC141 - Web Design: 2012-2013 Acalog SLO#1 - SLO#1 FA-SP:

- Upon successful completion of this course, students will be able to produce a simple multi-page web site.
- \* VC141 - Web Design: 2012-2013 Acalog SLO#2 - SLO#2 FA-SP:  
Upon successful completion of this course, students will be able to use effective web typography.
  - \* VC141 - Web Design: 2012-2013 Acalog SLO#3 - SLO#3 FA-SP:  
Upon successful completion of this course, students will be able to upload web sites and modifications to web servers.
  - \* VC141 - Web Design: 2012-2013 Acalog SLO#4 - SLO#4 FA-SP:  
Upon successful completion of this course, students will be able to employ current practices of web site graphics.
  - \* VC141 - Web Design: 2012-2013 Acalog SLO#5 - SLO#5 FA-SP:  
Upon successful completion of this course, students will be able to create Cascading Style Sheets.
  - \* VC141 - Web Design: 2012-2013 Acalog SLO#6 - SLO#6 FA-SP:  
Upon successful completion of this course, students will be able to write simple HTML coding.
  - \* VC141 - Web Design: 2012-2013 Acalog SLO#7 - SLO#7 FA-SP:  
Upon successful completion of this course, students will be able to create rollover buttons.
  - \* VC145 (formerly VC142) - Macromedia Suite: 2012-2013 Acalog SLO#1 - SLO#1 FA-SP:  
Upon successful completion of this course, students will be able to create web site photo viewers.
  - \* VC145 (formerly VC142) - Macromedia Suite: 2012-2013 Acalog SLO#2 - SLO#2 FA-SP:  
Upon successful completion of this course, students will be able to demonstrate advanced design techniques with Fireworks.
  - \* VC145 (formerly VC142) - Macromedia Suite: 2012-2013 Acalog SLO#3 - SLO#3 FA-SP:  
Upon successful completion of this course, students will be able to include movies and filmstrips in web pages.
  - \* VC145 (formerly VC142) - Macromedia Suite: 2012-2013 Acalog SLO#4 - SLO#4 Upon successful completion of this course, students will be able to design and create animations including animated maps with Flash.
  - \* VC145 (formerly VC142) - Macromedia Suite: 2012-2013 Acalog SLO#5 - SLO#5 FA-SP:  
Upon successful completion of this course, students will be able to employ Computer-Generated Imagery (CGI) and other interactive actions.
  - \* VC161 - Video I: 2012-2013 Acalog SLO#1 - SLO#1 FA-SP:  
Upon successful completion of this course, students will be able to produce simple video productions from planning through editing.
  - \* VC161 - Video I: 2012-2013 Acalog SLO#2 - SLO#2 FA-SP:  
Upon successful completion of this course, students will be able to plan and create storyboards for video productions and shoot video according to plans.
  - \* VC161 - Video I: 2012-2013 Acalog SLO#3 - SLO#3 FA-SP:  
Upon successful completion of this course, students will be able to operate a variety of video cameras and use a variety of camera moves with hand-held and studio cameras.
  - \* VC161 - Video I: 2012-2013 Acalog SLO#4 - SLO#4 FA-SP:  
Upon successful completion of this course, students will be able to understand and use the common vocabulary of video productions.
  - \* VC161 - Video I: 2012-2013 Acalog SLO#5 - SLO#5 FA-SP:  
Upon successful completion of this course, students will be able to use and control natural and artificial lighting.
  - \* VC161 - Video I: 2012-2013 Acalog SLO#6 - SLO#6 FA-SP:  
Upon successful completion of this course, students will be able to demonstrate use of a variety of industry-standard shots.
  - \* VC161 - Video I: 2012-2012 Acalog SLO#7 - SLO#7 FA-SP:  
Upon successful completion of this course, students will be able to employ a variety of microphones and audio mixers used in audio recording.
  - \* VC161 - Video I: 2012-2013 Acalog SLO#8 - SLO#8 FA-SP:  
Upon successful completion of this course, students will be able to employ simple computer digital editing including titling and audio dubbing.
  - \* VC165 (formerly VC162) - Digital Editing: Final Cut Pro: 2012-2013 Acalog SLO#1 - SLO#1 FA-SP:  
Upon successful completion of this course, students will be able to capture video and import audio into the computer to establish the content for the editing process.
  - \* VC165 (formerly VC162) - Digital Editing: Final Cut Pro: 2012-2013 Acalog SLO#2 - SLO#2 FA-SP:  
Upon successful completion of this course, students will be able to apply animation to incorporate motion to still images.
  - \* VC165 (formerly VC162) - Digital Editing: Final Cut Pro: 2012-2013 Acalog SLO#3 - SLO#3 FA-SP:  
Upon successful completion of this course, students will be able to add and edit voice and music tracks.
  - \* VC165 (formerly VC162) - Digital Editing: Final Cut Pro: 2012-2013 Acalog SLO#4 - SLO#4 FA-SP:  
Upon successful completion of this course, students will be able to understand and use the common vocabulary of digital video editing.
  - \* VC165 (formerly VC162) - Digital Editing: Final Cut Pro: Create Video Project - SLO#6 AY08-09:  
Upon successful completion of this course, students will be able to cut up shots and build video sequence of shots.
  - \* VC165 (formerly VC162) - Digital Editing: Final Cut Pro: 2012-2013 Acalog SLO#6 - SLO#6 FA-SP:  
Upon successful completion of this course, students will be able to cut up shots and build video sequence of shots.
  - \* VC165 (formerly VC162) - Digital Editing: Final Cut Pro: 2012-2013 Acalog SLO#7 - SLO#7 FA-SP:  
Upon successful completion of this course, students will be able to create titles and credits in a variety of styles.
  - \* VC172 - Imaging Concepts & Elements: 2012-2013 Acalog SLO#1 - SLO#1 FA-SP:  
Upon successful completion of this course, students will be able to understand and use the common vocabulary and terms of cameras, scanning and digital imaging.

\* VC172 - Imaging Concepts & Elements: 2012-2013 Acaloag SLO#2 - SLO#2 FA-SP:

Upon successful completion of this course, students will be able to recognize and apply the elements of effective aesthetic composition to produce good photographs with cameras.

\* VC172 - Imaging Concepts & Elements: Camera Controls - SLO#3 AY08-09:

Upon completion of this course, students will be able to use camera controls of focus, shutter speed and f-stop to vary light entering the camera for effective photography.

\* VC172 - Imaging Concepts & Elements: 2012-2013 Acalog SLO#4 - SLO#4 FA-SP:

Upon successful completion of this course, students will be able to utilize studio lighting principles for basic portraiture and small product photography.

\* VC172 - Imaging Concepts & Elements: 2012-2013 Acalog SLO#5 - SLO#5 FA-SP:

Upon successful completion of this course, students will be able to scan photos, negatives, slides and printed images, including text, to produce digital images.

\* VC172 - Imaging Concepts & Elements: 2012-2013 Acalog SLO#6 - SLO#6 FA-SP:

Upon successful completion of this course, students will be able to employ basic digital photo and image editing using the software included with scanners and other simple computer editing applications.

\* VC201 - Project Management & Marketing Solutions: Problem Solving in Production - SLO#1 AY08-09:

Upon completion of this course, students will be able to use cooperative teamwork for visual communications problem solving and production.
